WORLD CLASS

Roy Disney of *Pyewacket* won Cabo, PV, Transpac and Pacific Cup – and much more – with Easom Rigging.

Paul Dorsey won Big Boat Series Sportboat with the Easom-rigged Soto 30 *Gentoo*.

Mark English and Ian Rogers doublehanded their Easom-rigged Moore 24 *Mas!* to class and overall victory in the Pacific Cup.

If you want to win in 2017, call

ON THE BAY

Easom Brings Global and Grand Prix Experience to the Bay

Easom Rigging's experience winning on the front lines of the global grand prix race circuit brings unbeatable rigging and race management to anyone who wants to compete at the highest levels on the Bay or anywhere.

Every rigger has access to great products, but only Easom has the experience and knowledge to reliably offer superior execution and race-winning results. Our travels to race venues on the East Coast, Europe and across the U.S. gives you access to the latest in rigging technology and technique.

Call us for your rigging upgrades or complete race project management.

THE YRA WELCOMES YOU TO THE 2017 RACING SEASON

Welcome to the YRA's 2017 Racing Season! We've got lots of racing opportunities planned for everyone, and the best racing value on the Bay. Whether you sail a multihull, a classic woody or a one-design boat, sail on the ocean or under PHRF in the Bay, we've got races waiting for you.

This is your reminder that it's time to renew your PHRF certificate and sign up to race for the new year! There are three options when signing up for a 2017 PHRF certificate:

NEED A NEW CERTIFICATE?

Boats that need a new certificate should fill out a new PHRF application and send the application to info@yra.org. You can find the application at <http://yra.org/northern-california-phrf/about-ncphrf/> and on page 49 of this book.

HAVE NO CHANGES TO 2016 PHRF CERTIFICATE?

Boats that had a certificate in 2016 and have no changes to their 2017 certificate should simply register for a new certificate by going to www.jibset.net.

NEED TO MAKE CHANGES TO 2016 PHRF CERTIFICATE?

If you had a 2016 certificate and need to make changes to your certificate for 2017, please contact Laura Muñoz at the YRA office via info@yra.org to see if you need a specific form.

For 2017, the YRA racing season offers four different racing options:

YRA SERIES: A four-day series with two races scheduled for each race day. Divisions for one-design fleets, sportboats and PHRF boats available.

OYRA SERIES: Nine ocean races are scheduled again this year, with divisions for fully-crewed boats as well as shorthanded and singlehanded crews.

CLASSIC BOAT SERIES: A five-day series with two races scheduled for each race day. Participating fleets currently include the Alerion Express 28s, Bears, Birds, Cal 20s, IODs, Folkboats, Knarrs, and Santana 22s. Other classic one-design fleets are always welcome!

WEEKEND REGATTAS: The Great Vallejo Race, the Westpoint Regatta, the 2nd Half Opener, and the Season Closer. YRA's four marquee events with divisions for all types of racers.

You can find information on the different racing opportunities in this publication and on the YRA website. When you're ready to sign up, visit www.yra.org to enter electronically.

We encourage everyone to get a YRA membership and sign up to race. Your membership support and participation in the YRA all goes to help us do everything we do. And we do a lot:

- Administer the local PHRF database; almost 700 certificates issued in 2016. YRA members receive discounts on PHRF fees and complimentary changes throughout the year!
- Coordinate with the US Coast Guard to process event permits; more than 800 permits in 2016.
- Maintain racing buoys in the Bay.
- Host the US Sailing Area G Appeals Committee.
- Advocate for sailing and racing in the Bay Area.
- Administer and coordinate the OYRA, weekend regattas, classic boat, and the YRA racing series.

We want to thank the YRA members, yacht clubs and their race committees who are sponsoring this year's YRA races. We couldn't do it without you and your support. We know each YRA skipper and crew thanks you as well.

Be sure to follow us on Twitter and Facebook to keep up with all the latest YRA news. You can find us on Twitter at [YRAofSFBay](https://twitter.com/YRAofSFBay) and on Facebook at the YRA of SF Bay page!

Get those certificates renewed and get your entries in soon! We look forward to seeing you out on the starting line for every race you're scheduled to sail!

Fair winds to all,
Don Ahrens,

Chairman of the Board, chairman@yra.org

AIR AND SEA WILL NEVER KNOW.

All you sceptics who believe you can't get real fouling protection without heavy loads of copper and solvent, meet the mind changer. Hydrocoat ECO. Water-based Hydrocoat ECO is a new clean world of solvent-free antifouling. It contains the breakthrough additive Ecomea that reduces copper by 100% yet delivers 100% of the copper effectiveness. It's all about maximum protection with minimum impact. It's a clean new day.

FRICTION DEVICES

MXL SNATCH RINGS

Optimal Weight To Working Load Ratio

MXL soft blocks are ideal for applications where lines are under heavy semi-static loads. Featuring higher working loads than standard blocks of the same size, the MXL improves onboard performance. Used as a snatch block, it can be easily installed and removed in a few seconds. It is also a great product to keep as a spare for any emergency situation.

Model	Max Line Ø	Height	Weight oz	WL lbs
MXL6	8mm - 5/16"	35mm - 1 3/8"	.70	1,985
MXL8	10mm - 3/8"	45mm - 1 3/4"	1.41	3,086
MXL10	14mm - 9/16"	55mm - 2 5/32"	2.89	3,968

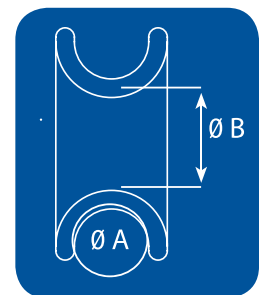

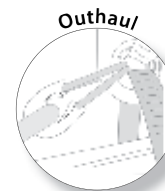

FRX RINGS

Reliability, Light Weight And Versatility

FRX Rings are ideal for applications where lines are under heavy semi-static loads, or to defect lines throughout the boat. Rigged with a soft attachment, the FRX ensures light weight and effective angle deflection for multiple applications onboard.

Model	Ø A	Ø B	WL lbs	Weight oz
FRX 6	13/16"	9/32"	881	.07
FRX 10	5/16"	3/8"	1,763	.17
FRX 15	3/8"	19/32"	3,527	.42
FRX 20	9/16"	25/32"	7,054	1.09
FRX 25	21/32"	63/64"	11,023	2.01

PHRF COMMITTEE 2017

If you have a custom or modified sailboat, your boat may need to have its rating reviewed and assigned by the local volunteer PHRF committee. With your boat's measurements, the committee will provide a fair rating so you can quickly join the Bay Area racing scene. From evening beer can racing to offshore regattas to just about every other keelboat race on the Bay, a PHRF rating will make it easy to sign up and start sharpening your skills on the race course. You can fill out the rating form on page 49 with help from detailed instructions provided on page 40.

The YRA also wants to thank the committee members below for their tireless efforts at supporting fun, fair racing on San Francisco Bay.

RULES

Latitude 38's Basic Racing Guidelines

Since sailboat racing is a recreational sport, we think the number one rule should be to have fun. Beyond that, some basic guidelines help prevent collisions and ensure that racing is both fun and fair. Below is an outline of the ten basic rules which cover most racing situations. For completeness and total accuracy, refer to *Racing Rules of Sailing 2017-2020*, published by US Sailing. See www.ussailing.org/rules for details.

1. **Port tack keep clear** of starboard tack.

- If boats are on the *same tack*, and overlapped, **the windward boat must keep clear** of the boat to leeward.
- If boats are on the *same tack*, a boat clear astern **must keep clear** of a boat clear ahead.
- When tacking or jibing, keep clear** of boats on a tack.
- Avoid collisions.** If you have the right of way and hit the other boat, causing damage or injury, you both will be penalized.
- Don't obstruct.** Don't make it hard for the 'keep clear' boat to do so. (No hunting allowed.)
- Sail the course** prescribed. You have to round the marks in the directions specified in the Sailing Instructions and can't touch a mark.
- Proper Course** (same tack, within two hull lengths). If the leeward boat came from astern, leeward boat shall not sail above its own proper course during the overlap. (Remember that the windward boat still has to keep clear, even if windward is forced above what it believes is windward's proper course. Leeward still has right of way.)
- Give room at marks and obstructions** to yachts overlapped on the inside, except:
 - When the overlap did not exist before the lead boat reaches the **three-boatlength zone**.
 - When approaching a windward mark on opposite tack.
 - At a starting mark surrounded by navigable water. That is, you don't have to let a barger in at the start except to avoid collision (then protest).
- Acknowledge your fouls and protest those who don't.**

A free rule book comes with US Sailing membership. See www.ussailing.org.

Quality. Innovation. Performance.

Achieving excellence is a team effort. That is why we partner with sailors from around the world, Olympians, leading riggers, and retailers to create innovative, high quality products that never compromise on strength, durability, and performance.

www.neropes.com

Our full service mobile rigging shop travels to your boat, regardless of location. Our first priority is getting you back on the water, **quickly and safely.**

WWW.ROGUERIGGING.COM

EQUIPMENT REQUIREMENTS FOR ALL IN-THE-BAY YRA RACES

These requirements are for races held within San Francisco Bay. Please note that OYRA races have separate requirements which can be found at www.norcalorc.org/gear.

- 1.1 These Minimum Equipment Requirements establish uniform minimum equipment and training standards for a variety of boats racing in San Francisco Bay under YRA. These regulations do not replace, but rather supplement the requirements of the U.S. Coast Guard, the Racing Rules of Sailing (RRS), the rules of Class Associations, and all applicable rating rules.
- 1.2 The safety of a boat and her crew is the sole and inescapable responsibility of the “person in charge,” as per RRS 46, who shall ensure that the boat is seaworthy and manned by an experienced crew with sufficient ability and experience to face bad weather. S/he shall be satisfied as to the soundness of hull, spars, rigging, sails and all gear. S/he shall ensure that all safety equipment is at all times properly maintained and safely stowed and that the crew knows where it is kept and how it is to be used.
- 1.3 A boat may be inspected at any time by an inspector or measurer of the Organizing Authority. If she does not comply with these regulations her entry may be rejected, or will be liable to disqualification, or such other penalty as may be prescribed by the race protest committee.
- 1.4 All equipment required shall function properly, be regularly checked, cleaned and serviced, and be of a type, size and capacity suitable for the intended use and size of the boat and the size of the crew. This equipment shall be readily accessible while underway and, when not in use, stored in such a way that deterioration is minimized.
- 1.5 A boat’s heavy items such as batteries, stoves, toolboxes, anchors, chain and internal ballast shall be secured.
- 2.1 A boat shall have a manual bilge pump of at least a 10 GPM capacity.
 - 3.1.5 Each crewmember shall have a life jacket intended for small boat sailing or other active boating. Each such life jacket shall be USCG, ISO, or applicable government approved or shall meet the ocean requirement of 3.1.1.
- 3.3.1 A boat racing between sunset and sunrise shall carry navigation lights that meet U. S. Coast Guard or applicable government requirements mounted so that they will not be obscured by the sails nor be located below deck level.
 - 3.4 A boat shall carry fire extinguisher(s) that meets U.S. Coast Guard or applicable government requirements, when applicable.
 - 3.5 A boat shall carry sound-making devices that meets U.S. Coast Guard or applicable government requirements, when applicable.
 - 3.6.4 A boat shall carry U.S. Coast Guard flares meeting day/night requirements not older than the expiration date. Alternately, non-pyrotechnic distress signals (distress flag for day, SOS light for night) which meet USCG requirements may be substituted.
 - 3.7.3 A boat shall have a throwing sock-type heaving line of 50’ (15m) or greater of floating polypropylene line readily accessible to the cockpit.
 - 3.8 A boat shall carry a U.S. Coast Guard-approved Type IV throwable device.
 - 3.9 A boat shall have a VHF radio which may be handheld or fixed mount.
 - 3.11 A boat shall have at least one means to navigate (charts, GPS) which is appropriate for the race area and the characteristics of the boat.
 - 3.19.1 A boat shall have a magnetic compass independent of the boat’s electrical system suitable for steering at sea.
 - 3.23 A boat shall carry one anchor, meeting the anchor manufacturer’s recommendations based on the yacht’s size, with a suitable combination of chain and line.
 - 3.25 A boat shall carry a first aid kit and first aid manual suitable for the likely conditions of the passage and the number of crew aboard.
 - 3.27.2 A boat shall carry one sturdy bucket of at least two gallons (8 liters) capacity with lanyards attached.
 - 4.2 Annually, two-thirds of the boat’s racing crew shall practice man-overboard procedures appropriate for the boat’s size and speed. The practice shall consist of marking and returning to a position on the water, and demonstrating a method of hoisting crewmember back on deck, or other consistent means of reboarding the crewmember.

NEW

OPENING PRE-FEEDER

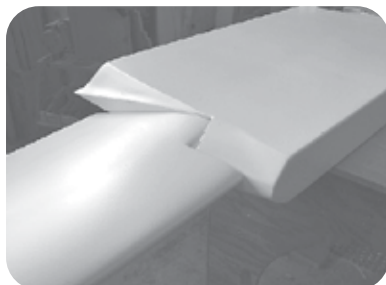

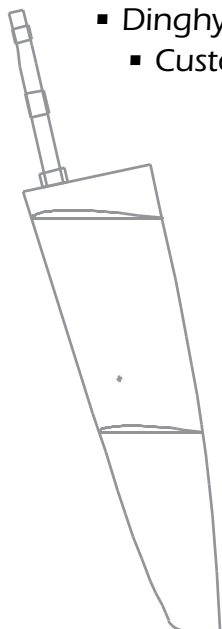

The new Schaefer opening pre-feeders solve many issues on the bow of any racing sailboat. Our two sizes cover boats in all ranges. The 45-06 is our non-adjustable opening pre-feeder with a computer machined finish for a smooth entry. The single pull opening feature allows for quick disengagement. Our 45-07 Grand Prix design allows the flexibility to adjust for various luff tape sizes from #5 through #8.

Use the Autopilot Favored by Singlehanded Racers

**For over 40 Years, ALPHA PILOTS
Have Delivered the Highest Performance,
Reliability and Low Power Consumption
These Competitors Demand!**

Photo by Robbie Gabriel

Overall Winner 2012 Singlehanded TransPac

Jim Quanci, after placing 1st Overall in the 2012 Singlehanded TransPac in his Cal 40 *Green Buffalo* says:

"Thirteen days from San Francisco to Hawaii alone, 10 of those days flying the spinnaker in winds up to 32 knots without a round up or a wrap. My Alpha Spectra autopilot drove the whole way – and then drove the boat another 16 days taking us home. What more can one ask for? I just love my Alpha Spectra autopilot."

Why buy an Alpha Autopilot? We'll make your boating more fun!

2017 FLEET SCHEDULES

Sailing Instructions for all YRA regattas and races will be posted on www.jibeset.net. Sailing Instructions are available one week prior to the start of each race.

Racers entering an OYRA ocean race or OYRA ocean series must comply with the specific OYRA Minimum Equipment Requirements, including the requirement for a 406 EPIRB or PLB. No later than the Thursday before EACH race, sailors must complete the online Boat and Crew Registration form through www.jibeset.net. Please refer to <http://yra.org/yra-racing/ocean-safety/> for more information on ocean racing requirements.

Put the *smooth* back in sailing

with these products from Team McLube

SAILKOTE

FOR EVERYTHING THAT SLIDES

Repels water, dirt, salt, and contaminants. Use on sliding hatches, sail tracks, sails, battens, telltales, slider cars and more.

HULLKOTE

FOR EVERYTHING THAT SHINES

High-gloss finish that cleans, polishes, and protects. Use on fiberglass, metal, plexiglass, and painted surfaces.

ANTIFOUL ALTERNATIVE

FOR EVERYTHING BELOW THE WATERLINE

Helps prevent below-the-waterline marine growth and slime from adhering for weeks. Use on hulls, outdrives, and propellers.

ONEDROP

FOR EVERYTHING THAT ROLLS

Repels salt, dirt, and other deposits. Use on ball bearing traveler cars and battcars.

CAROLE GUNN

DEFINITIONS FOR YRA RACING AREAS

The following racing areas have been defined by the YRA for the purposes of describing the general geographical location and the marks that may be used in a YRA race. Please refer to the individual Sailing Instructions for each YRA race for the exact courses. Temporary marks may be used instead of, or in conjunction with, the described marks in any of these YRA Racing Areas. Sailing Instructions will be available on the YRA website at www.yra.org approximately one week prior to the start of a YRA race.

BERKELEY CIRCLE (OC) RACING AREA

See pages 34-35.

Includes Marks BOC, COC, DOC, EOC, FOC, GOC, XOC, 8, 12, 15, 17.

CITYFRONT RACING AREA

See pages 34-35.

Includes Marks A, X, 6, 16, 17, 18, 21.

KNOX RACING AREA

See pages 34-35.

Includes Marks K, L, N, 4, 12, 15, 21, 23.

NORTH BAY (NB) RACING AREA

See page 36.

Includes Marks CM2, NG7, NR8, NR10, NR12, NR14, TYC, 14.

SOUTH BAY (SB) ALAMEDA SIDE RACING AREA

See page 39.

Races held in this sailing area will use temporary marks in the vicinity of NAS2.

SOUTH BAY (SB) SF SIDE RACING AREA

See page 39.

Includes Marks AS1, NAS2, W1, XS1, 31, 34, 37.

SOUTHAMPTON SHOALS (SH) RACING AREA

See pages 34-35.

Includes Marks N, 7, 12, 14, 19, 21.

TREASURE ISLAND (TI) RACING AREA

See pages 34-35.

Includes Marks EOC, 2, 7, 9, 10, 17, 18, 21.

2017 RACE SCHEDULE

We offer excellent racing off the Marin Headlands and around San Francisco Bay. Our bar and galley are open for after-race bragging or analysis. In our 75th anniversary year we'll be celebrating our club's 'founding by youth, benefiting youth!'

www.sausalitoyachtclub.org/racing

- SYC Chili Midwinter Series, the first Sunday of the month; January 8, February 5, March 5, November 5, December 3.
- SYC / RegattaPRO Invitational, the second Saturday of the month, January 14, February 11, November 11, December 9. Keep your crew's skills sharp through the winter.
- Jaws Regatta, March 25. A pursuit race that starts and finishes off the club deck with a 'Bay Tour' course. Includes a predicted log division for powerboats.
- Classic Boat Invitational Series, April 8, August 19, September 9. Birds, Bears, Knarrs, Folkboats and more!
- Twin Island Series, April 29, July 15, October 14. Choose your route around Alcatraz and Angel Island.
- Spring Sunset Series, April 25, May 9, May 23, June 6, June 20.
- Rear Commodore's Race, June 24. Downwind to Vallejo Yacht Club with a party and dinner to round off the day.
- PICYA Lipton Cup, July 8. We're proud to host this inter-club event.
- J/105 Fleet 1 Regatta, July 22 – 23.
- Summer Sunset Series, July 25, August 8, August 22, September 5. Enjoy long summer evenings with some racing and a BBQ after.
- Women Skippers Regatta, August 26. This event includes a skippers' breakfast and briefing, racing and post-race party with additional trophies for all-women crews.

SOUTH BAY MARKS

DESCRIPTION OF MARKS

- | | |
|---|--|
| AS1: Yellow sphere approx. .25 nm east of BVBC | 31: Temporary YC buoy approx. 1.2 nm SE of Mission Rock Terminal |
| NAS2: NAS Alameda Channel Mark "R2" FI R 4s | 33: Red buoy "4" FI R 4s, Oakland Inner Harbor Entrance Channel |
| SC1: Red & green buoy "SC" FI G (2+1) approx. 1 nm ENE of Mission Rock Terminal | 34: Red buoy "2" FI R 2s approx. .5 nm east of Potrero Point |
| W1: Temporary YC buoy approx. 1 nm east of Army St. Terminal | 35: Green daymarker "3" FI G 2.5s, Alameda NAS Entrance Channel |
| XS1: Temporary YC buoy approx. halfway between 31 & AS1 | 36: Red daymarker "4" FI R 4s, Alameda NAS Entrance Channel |
| | 37: Green buoy "5" FI G 4s approx. 1 nm SSE of Army St. Terminal |

HELPFUL INFO FOR FILLING OUT AN NCPHRF APPLICATION

Getting a PHRF rating for your boat is one of the easiest ways to get involved in the myriad forms of Bay Area racing. If you have a well-known sailboat, it's likely the YRA already has a rating number on file for your boat type. However, many boats have been modified or may have different sail configurations affecting their speed. For this reason, all boats need their measurements submitted to the YRA in order to get a rating certificate. To make it easier, the YRA has prepared the following instructions to help you fill out the NCPHRF rating application on page 49.

For unmodified class boats, common measurements for items such as I, J, P, and E, as well as ballast and displacement, can be found online, in sales brochures, in class rules, or from your sailmaker. However, if you have a modified or non-class boat, or cannot find all the required information for your boat, the following guidelines can help walk you through the required measurements.

If you have a current or expired certificate and need to make changes to your boat's configuration, please contact the YRA office to discuss your changes and what forms may be necessary. Any other questions please contact the YRA office at (415) 771-9500 or via email at info@yra.org.

SAIL NUMBER

This should be a number that the YRA office has assigned to your boat. Please call the YRA office for more information. Sail Prefix is a country code. This space can be blank or it might say USA or IRL.

CLASS/TYPE

We are looking for the type of boat you have – like a Cal 20 or Islander 36. If your boat is custom-made or one of a kind, please indicate so. If it was designed under some rule, please tell us what rule; e.g., 6-meter, IOR 1/4-ton, etc. In this case, if you have any measurement certificate, no matter how old, please include a copy of it with your application for rating.

ONE DESIGN RATING

Refer to the NCPHRF Rules (www.yra.org) to find out if this applies to you. It is anticipated that other members in your class who know and understand your rules and limitations, as modified by Section V, will monitor the OD ratings.

RIG AND SAIL MEASUREMENTS

What is the source of the information provided? We are looking for where you obtained the information on your certificate. Please indicate by circling which sources apply.

FORETRIANGLE

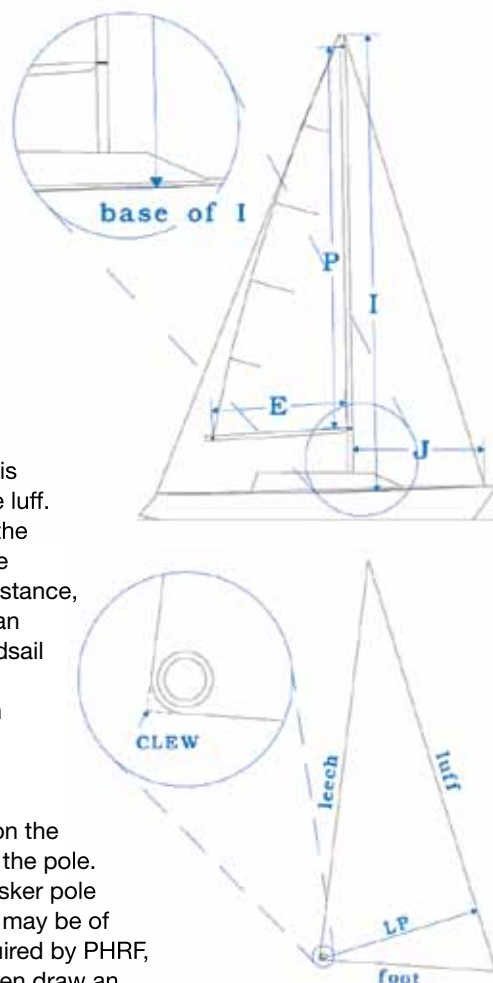

- I Vertical distance from upper point of 'I' to lower point of 'I'
Upper point of 'I' is the highest of:
 1. Intersection of mast and highest jibstay.
 2. Highest sheave for jib halyard drawn horizontal to mast.Lower point of 'I' is the sheerline abreast the mast (not the cabin top).
The sheerline is the intersection of the deck and the hull.
- J Horizontal distance from mast to where the forward-most jibstay intersects the deck, or jib tack. Note that 'JC' is no longer on this form.

LARGEST HEADSAIL

Largest Headsail percent is $LP/J \times 100$. The LP (Luff Perpendicular) of your jibs is determined by measuring the distance from the clew to the nearest point on the luff. This is done by holding the zero end of a tape measure at the clew (defined as the intersection of the leech and the foot), removing the wrinkles from the area to be measured, and swinging an arc up and down the luff, recording the minimum distance, then dividing by J and multiplying by 100. For example, suppose you measure an LP of 15.5 feet on your biggest headsail, and your J is 10 feet. Your largest headsail is $15.5/10 \times 100 = 155\%$, which happens to be the largest non-penalty headsail allowed under PHRF for a 10-ft J. Your sailmaker is also a source of information on sail dimensions.

SPL = Spinnaker Pole Length

Spinnaker Pole Length is the length of the spinnaker pole when set in position on the mast; measured from the front face of the mast to the extreme outboard end of the pole. Please note the distinction between a whisker pole and a spinnaker pole: A whisker pole may be used to pole out any jib (but may NOT attach to any type of spinnaker), may be of any length, and may be adjustable. Information on your whisker pole is not required by PHRF, and should not be used as an answer for the spinnaker pole length, as it will often draw an unnecessary penalty.

OYRA Series

The Lightship Race

The One-Way to Half Moon Bay Race

The Duxship Race

The Jr Waterhouse Race

The Drakes Bay Weekend

The Full Crew Farallones Race

+ 2 Race Committee's Choice Races

The YRA ocean racing series features 9 races on and around the Gulf of the Farallones. Divisions are available for full crewed boats, single and double handed boats and multihulls. Racers can sign up for the entire series or enter an individual races.

You can enter the races, view the Notice of Race, and download the Sailing Instructions for the races at www.jibeset.net

Save the Date: Trophies and Series Championships for OYRA Series races will be awarded on November 21, 2017 at the Berkeley Yacht Club.

HELPFUL INFO FOR FILLING OUT AN NCPHRF APPLICATION

continued from page 40

ISP ('I' for the spinnaker)

ISP = spinnaker hoist. Measured from the underside of the spinnaker halyard, when drawn horizontally forward from mast, to the level of the sheerline abreast the mast. The sheerline is the intersection of the deck and the hull.

Note: In some cases, 'I' and 'ISP' are the same. If your spinnaker halyard exits the mast above the upper point of 'I' as described above, then your 'ISP' will be greater than 'I'.

JSP (for boats with sprits and asymmetric spinnakers only)

JSP = spinnaker 'J' horizontal distance from mast to the forward most attachment point for the spinnaker tack.

If this location is adjustable, as with an adjustable bow pole, then measure with the bow pole fully extended on centerline.

TYPE OF RIG

Sloops come in two varieties: 'masthead,' where the forestay goes to the top of the mast; and 'fractional,' where the forestay is anchored to the mast somewhere below the top of the mast. Other types of rigs include ketch, yawl, cutter or catboat.

MAST MATERIAL

What is your mast made of? Common materials are aluminum, wood, carbon, fiberglass, and 'other.'

STANDING RIGGING MATERIAL

What material are your shrouds made of? In part, we are looking for boats that have changed their standing rigging.

Bring the family.

Info at <http://www.lakecounty.com/>

One Race Each Month:  
May, June, July & August  
2 South Bay Races, 2 Central Bay Races

The YRA Series consists of 8 races over 4 days, spread out over the late spring and summer. The series is open to boats with PHRF rating certificates, and to One-Design fleets. One-Design fleets need a minimum of 5 boats to race as a class.

Racers can sign up for the complete series or for an individual race. Enter the races, view the Notice of Race, and download the Sailing Instructions for the races at [www.jibeset.net](http://www.jibeset.net).

Save the Date: Trophies and Series Championships for YRA Series Races will be awarded on November 21, 2017 at the Berkeley Yacht Club.

# HELPFUL INFO FOR FILLING OUT AN NCPHRF APPLICATION

continued from page 42

## MAINSAIL

P = Mainsail Hoist (distance between bands)

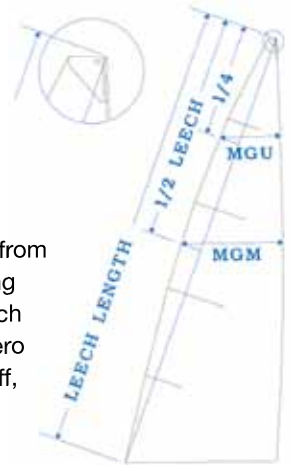

E = Mainsail Foot (distance from aft edge of mast to the inner edge of the band on the boom)

HB = The total width of the top of the sail from the front of the luff rope to the top aft corner.

MGU and MGM

MGU (Main Girth Upper) and MGM (Main Girth Middle) are girths measured on your mainsail.

These girths measure the width of mainsails one-quarter and one-half the distance down the leech from the head. Measure your girths by folding the head (front corner of headboard) to the clew, smoothing the leech and marking the fold at the leech (MGM starting point). Next, fold the head to the mid-leech point and mark this new fold on the leech (MGU starting point). Now lay the sail out flat. Hold the zero end of a tape measure at the MGM starting point on the leech. Swinging an arc up and down the luff, record the minimum distance measured as your MGM. Remove the wrinkles from the area to be measured. Repeat this process for measuring your MGU.

Py and Ey are similar to P and E dimensions for the aft sail on ketches, yawls and schooners.

## SYMMETRIC SPINNAKER

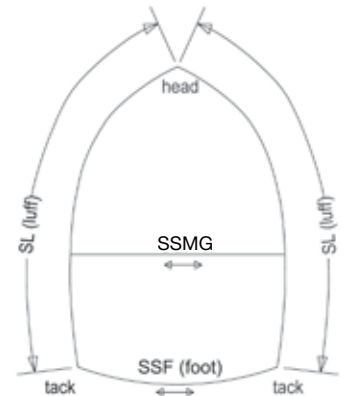

Symmetric spinnakers have the following characteristics: (a) luffs are of equal length; (b) the sail is symmetric about its vertical centerline.

SL = Spinnaker Luff (Refer to the NCPHRF Rules at [www.yra.org](http://www.yra.org) for the non-penalty limit.)

SSMG (Symmetric Spinnaker Mid-Girth)

SSMG is determined by measuring the width of your sail at mid-luff to mid-luff

SSF = Spinnaker Foot Length

## ASYMMETRIC/CRUISING SPINNAKERS

Non-Penalty Area Limits

Cruising/Asymmetric Spinnakers are limited in area not to exceed the area of I and J – or ISP and SPL – based 180% symmetric spinnakers for that boat. To calculate the actual area for the symmetric spinnaker, use the formula for “Area” below, substituting SL (symmetric spinnaker luff) for SLU and SLE.

The formula for determining the actual area of all types of spinnakers is as follows:

$$\text{Area} = (\text{SLU} + \text{SLE}) \times .25 \times \text{ASF} + (\text{ASMG} - .5\text{ASF}) \times (\text{SLU} + \text{SLE}) / 3$$

In the case of Symmetric Spinnakers, replace SLU and SLE with SL, ASMG with SSMG, and ASF with SSF.

SLU = Spinnaker Luff Length

SLE = Spinnaker Leech Length

ASMG = Spinnaker mid-girth measured between the mid-points of the spinnaker luff and spinnaker leech

ASF = Spinnaker foot length

Note on ASMG:

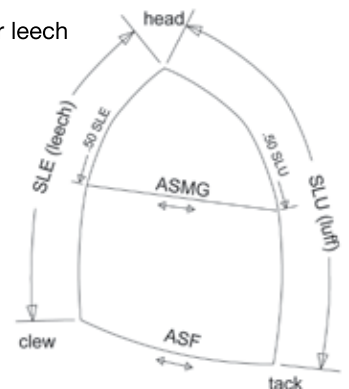

ASMG less than .75 x ASF is not allowed.

How far aft can you articulate your spinnaker tack?

0 degs (fixed)

\_\_\_ degrees

We want to know if you plan on setting the tack of your cruising or asymmetric spinnaker on a pole that can be squared aft. Sails set from the bow of the boat, or from a non-rotating pole (bow sprit), are of the zero degree category. If the tack of the sail is set on a pole that can be rotated while sailing, we want to know the maximum angle of rotation, measured at the mast between the centerline of the yacht and the pole. If an asymmetric spinnaker is tacked to a spinnaker pole, articulation must be listed as 90 degrees.

# 2017 CBRA Series

12 Races spread out over 6 race days  
May, June, August & September

The CBRA series features 12 races spread over 6 race days for classic one-design fleets like the Bears, Birds, Folkboats, Knarrs, Cal 20's, Alerion Express 28's and Santana 22's. Races are held throughout the Central Bay.

You can enter the races, view the Notice of Race, and download the Sailing Instructions for the races at [www.jibeset.net](http://www.jibeset.net)

Save the Date: Trophies and Series Championships for CBRA Series races will be awarded on November 21, 2017 at the Berkeley Yacht Club.

---

# HELPFUL INFO FOR FILLING OUT AN NCPHRF APPLICATION

continued from page 44

Please fill out the following two fields in the “Foretriangle” box:

ISP = Spinnaker hoist, measured from the underside of the spinnaker halyard, when drawn horizontally forward from mast, to the level of the sheerline abreast the mast.

JSP = Farthest distance from front of mast to asymmetric spinnaker tack location. Note that this can be much greater than J on sprit boats.

Setting and Sheeting Limits: For asymmetric spinnakers:

TACK: Sail may be tacked to the deck or to a pole. PHRF Application must state if the pole can be articulated to move the tack off hull centerline and how many degrees it can move. JSP must be recorded if greater than J.

HEAD: Halyard location may be at any height on the mast. If the dimension ISP is greater than I, then ISP must be recorded on the application.

CLEW: Sail may be sheeted consistent with the RRS. Racing Rules of Sailing can be found on the US Sailing website at: [www.ussailing.org/rules](http://www.ussailing.org/rules).

The performance of Cruising/Asymmetric Spinnakers is not yet completely defined. Boats with excessive JSPs or ISPs and boats with the ability to move the tack of the sail off centerline may incur some rating adjustment. The PHRF Committee will be studying the performance of these various arrangements, and, if considered necessary by this committee, this rule and/or its limits may change.

## HULL MEASUREMENTS

Drawings and photos are not required for well-documented production boats. However, if the boat is relatively rare, or not common in the Bay Area, drawings and/or photos are a must. We cannot rate an unknown boat using only the information on the application form. Measurements below are for the boats in ‘measured trim,’ not ‘sailing trim,’ using IMS wording. Your boat is equipped as it would be for racing, but without crew, sea bags, or consumable supplies, and with all tanks empty.

### HULL

#### LENGTH OVERALL

How long is your boat? If it has a bowsprit, please give the length of the hull and the bowsprit separately.

#### WATERLINE LENGTH

How long is the part of the boat in the water? Ignore the rudder.

#### MAXIMUM BEAM

What is the width of your hull at its widest point?

#### MAXIMUM DRAFT

What is the depth of the lowest point of the keel or board below the waterline? If the boat has a lifting board or keel of any type, draft is measured with this device fully lowered. Give the change in draft with the board raised separately.

### DISPLACEMENT

#### TOTAL

This is the weight of your boat ready to race as described above.

#### BALLAST

We are looking for the weight of your keel. PHRF requires minimum ballast of 400 pounds. If your boat has ‘internal ballast’, it should be included. Internal ballast is typically in the form of lead ingots bolted to the hull, and is NOT in the form of usable equipment or supplies. If your boat has been measured under some rating rule, and you have subsequently removed the internal ballast, this change must be reported in writing to the PHRF Committee.

#### BALLAST MATERIAL

Typical answers here are lead or iron, and sometimes water.

#### TRAPEZE/HIKING STRAP

These are allowed in One-Design Classes where the class rules clearly state that the hiking aids are allowed. They may not be used unless your PRHF application so indicates.

2017

# Weekend Regattas

**Great Vallejo Race**  
May 2nd & 3rd

**2nd Half Opener**  
August 2nd & 3rd

**Westpoint Regatta**  
July 18th

**Season Closer**  
September 26th & 27th

Be a part of some of the most historic races on San Francisco Bay! The YRA Weekend Regattas includes some of the longest running regattas on San Francisco Bay, and one of the biggest, but they all deliver great racing and great Saturday night after-race parties. Divisions are available for PHRF Boats, Sportboats, One Design Fleets and Multihulls. Short-handed and non-spinnaker fleet options may also be available.

Enter the races, view the Notices of Race, and download the Sailing Instructions for each Weekend Regatta at [www.Jibeset.net](http://www.Jibeset.net).

Save the Date: Trophies for Weekend Regattas will be awarded on November 21, 2017 at the Berkeley Yacht Club.

---

# HELPFUL INFO FOR FILLING OUT AN NCPHRF APPLICATION

continued from page 46

## MOVABLE BALLAST

Does your boat have ballast that can be moved while sailing? The possibilities include:

- (a) Water ballast which can be moved from side to side – or discharged for runs and restored for beating.
- (b) Keels which can be inclined or canted.
- (c) And others.

Movable ballast presents several difficulties. The biggest is in US Sailing/Racing Rules of Sailing (2017-2020) Rule #51 (Moving Ballast), which states quite clearly that movable ballast is not legal when racing under the US Sailing rules. There are a (very) few races where the race instructions alter the RRS, and specifically allow movable ballast, which is why this is on the PHRF form at all. If you use movable ballast, it is your responsibility to be sure that it is legal in the races in which you are sailing. *Just because it is on your PHRF Certificate does not mean you can race with a movable ballast.*

## KEEL TYPE

### FIXED

If your keel cannot be moved while you are sailing, then we consider it fixed.

### MOVABLE

If your keel can be moved while you are sailing, then we consider it movable, and we need to know about it. This includes keels that move up and down, pivot around a pin (swing keel), or cant from side to side.

### KEEL/CENTERBOARD

This is really a sub-class of movable keels, where the boat has a conventional keel, but also has a foil that can extend down below the bottom of the keel.

## ENGINE

Do you have an inboard, outboard, or no engine at all?

## PROPELLER

We need to know the number of blades on the propeller, and whether they are fixed blades or folding/feathering. If the engine is an outboard, we assume the propeller is not in the water while you are racing, so in the case of outboards, we do not consider what type of propeller you have.

## MODIFICATIONS

### UNMODIFIED CLASS BOAT

Check this box if your boat is a serially produced yacht that has not been altered.

### MODIFIED CLASS BOAT

Check this box if your boat was originally a production yacht, but has undergone changes since its original manufacture. Examples include: a new keel, change in ballast, new rudder, new mast made of different material than the original, different number of spreaders on the mast, change in hull shape, etc. Include anything that would make you *unwelcome* racing against your unmodified sisterships.

### NON-CLASS CUSTOM BOAT

Check this box if your boat is essentially a one-of-a-kind custom boat. If your boat is of this type, please refer to the NCPHRF Rules at [www.yra.org](http://www.yra.org) for information we will need to handicap your boat.

## DESCRIBE MODIFICATIONS

Please explain modifications, movable ballast, hiking aids here. Please feel free to write on the back of the form if you need more space.

## RATING FEES

New Certificates: YRA Members, \$50; Non-Members, \$75

Renewals: YRA Members, \$35; Non-Members, \$65

Out of Area Certificates (boats hailing from outside of US Sailing Area G): \$75

### CHANGES TO EXISTING CERTIFICATES

YRA Members: No charge

Non-Members: \$30

**Modifications** Describe modifications/Comments/Moveable Ballast/Trapeze or Hiking Straps below:

The NCPHRF rating certificate is a contract between you, the NCPHRF Committee, and your competitors. You and your competitors expect this form to be accurate and that the reported characteristics will be maintained while racing. Failure to advise the NCPHRF Committee in writing of ANY modification to your boat which will alter its sailing performance may be grounds for protest and disqualification of the yacht. Your rating is valid through December 31 of the year issued. I certify that the above information is accurate and correct, that I have read the NORTHERN CALIFORNIA PHRF RULES AND GUIDELINES, and concur with, and agree to sail by those terms and conditions.

## CHRIS BOOME INSURANCE AGENCY

800-853-6504  
San Francisco Bay

MARINE INSURANCE SPECIALIST WITH ACCESS TO ALL MAJOR CARRIERS

IF YOU OWN A BOAT OR CAR YOU NEED A PERSONAL UMBRELLA POLICY

IF YOU ARE GOING TO MEXICO IN YOUR BOAT OR CAR YOU NEED MEXICAN LIABILITY INSURANCE

### Here's what our customers have to say:

"I have been dealing with Chris Boome for over six years and 25,000 miles of coastal and ocean sailing. The service that Chris delivers allows me to sail with confidence knowing that I am fully covered wherever my sailing adventures take me. Chris being a sailor himself fully understands my requirements and has proven that he can provide a very competitively priced insurance policy."

– Rob Andrews, Swan 53 *Mistress*, Pacific Northwest

"Chris Boome goes above and beyond. When I suddenly came up on the South Beach Harbor waiting list 10 years ago, but with no boat, Chris recommended I consider an Islander 36. Chris has been insuring our Islander ever since. Over the years he has dispensed advice on racing, cruising, repairs and sailmakers. Recently we incurred some serious damage and Chris was right by my side working with boat yards, surveyors and the insurance company claims department to make sure Kapaï could enjoy another 10 years plus on the Bay."

– Rick Egan, I36 *Kapaï*, San Francisco Bay

"Chris Boome has consistently delivered the insurance we need for the past seven years. Despite the complex needs of a voyaging yacht with changing plans, Chris always delivered a solution. Working with Chris has always been a pleasure and his office has always been very efficient and provided added value."

– Herb Hunt, Custom Farr 50 P.H. *Wandering Farr*, Caribbean

"We have been using Chris Boome for insurance on *Golden Moon* for 14 years. Chris is knowledgeable and fair, and responds promptly to our needs. He is an expert sailor and brings great knowledge to all discussions on sailing. I recommend him whole heartedly."

– Kame Richards, Express 37 *Golden Moon*, San Francisco Bay

## PINEAPPLE SAILS

2526 Blanding Ave  
Alameda, CA 94501  
www.PineappleSails.com  
**(510) 522-2200**

## YOUTH SAILING

Looking for a new way to entertain your kids this year? Look no further than the Bay Area's dozens of junior sailing programs. Many offer scholarships, and, with rare exception, you don't need to have your own boat. Unless noted below, club membership is not necessary. High School sailing for students in grades 9-12 takes place around Northern California in the Pacific Coast Interscholastic Sailing Association. If your high school doesn't have a team – or enough students to field a team – don't fret. Most programs allow students from several schools to form a single team.

### ALAMEDA COMMUNITY SAILING CENTER

(510) 629-9282, messages [www.sailalameda.org](http://www.sailalameda.org)

**Summer Camp**, ages 8-18. When: June, July and August.

8-13 age level camp – Discover Sailing (Entry Level training)

8-13 age level camp – Seasoned Sailors (for returning graduates of Discover Sailing)

13-18 age level camp – Teen Camp (for teens of all skill levels)

Discover Sailing runs all summer – check website for where Seasoned Sailors and Teen Camp dates will be added. Sessions are two weeks, Monday-Friday, 9 am-4 pm (Extended care 8:30 am-5 pm available.) Boats: JY Trainers, CFJs.

Needs-based scholarships available. Weekend classes, Open Sails and other sailing events will be scheduled throughout the year. Visit [www.sailalameda.org](http://www.sailalameda.org) for further details and pricing.

### BENICIA YC

Derith Lutz, (707) 746-0739, [youthsailing@beniciayachtclub.com](mailto:youthsailing@beniciayachtclub.com)

[www.beniciayachtclub.com](http://www.beniciayachtclub.com)

Dates TBA in late March on our website. YC member discounts, sibling and multiple camp discounts, and scholarships available on all programs.

**Half Day Camps**, ages 8-12 with no sailing experience. Cost: \$275

**Full Day, One week Camps**, ages 10-18 or young sailors with experience. Cost: \$375

**Intermediate Sailing**, more experienced sailors.

Boats: Vanguard 420, CFJ (provided). Cost: \$375

### High School Sailing Special Programs

Boats: DeWitt Dinghies, V420, CFJ (provided). Cost: Sponsored by BenYC for Benicia High School students.

**Open Sailing** for pre-qualified individuals with certification.

### BLUE WATER FOUNDATION (San Francisco)

(415) 392-2018; [www.bluewaterfoundation.org](http://www.bluewaterfoundation.org)

**Thursday Sails**: Afternoon sail programs with San Francisco Unified School District and the SF Police Department.

**Gleaming Ocean Program**: Four-month intensive sailing and teamwork course teaching cruising skills to selected high school students on a 43-ft Hans Christian cutter. Emphasis on building teamwork and self-confidence; mentor system is utilized.

**Oceans Gate Program**: Working with Alameda County Probation Department; convicted youth are given the opportunity to make their way back to society; offering both day sails and a multi-month intensive sail training program that will "graduate" successful students by ocean sailing.

**Community Sail Programs**: At least one weekend day a month we take various community groups sailing, ranging from Boys and Girls Clubs to Project Avery, an organization for children of incarcerated parents.

**Probation Dept. Sails**: This newest program works with various youth probation departments throughout the Bay Area and Nevada City/El Dorado County foothills, taking their incarcerated students and students on probation on repeat sails. Usually on weekends.

### COYOTE POINT YC (San Mateo)

[youthsailing@cpyc.com](mailto:youthsailing@cpyc.com), [www.cpyc.com/youth-sailing/](http://www.cpyc.com/youth-sailing/)

Welcome Aboard! Give your kids the gift of independence, adventure and learning a new skill they can use for a lifetime! The Coyote Point YC offers a weekly sailing camp for children ages 8 to 13 who wish to learn to sail and/or improve their skills. We have nine Optimist (Optis) sailboats, each 8-feet long, designed for junior sailors as a single-handed dinghy that is easy to manage and fun to sail. We also have two Lasers for the more advanced sailors.

**2017 Summer Sessions**: The camp runs Monday to Friday 9 am-4pm.

Cost: \$395 per session. 15% off for second child.

Session 1: June 19-23; Session 2: June 26-July 1; Session 3: July 10-14;

Session 4: July 17-21; Session 5: July 24-28; Session 6: July 31-Aug 4; Session 7: Aug. 7-11.

### ENCINAL YC (Alameda)

(510) 769-0221, [juniors@encinal.org](mailto:juniors@encinal.org), [www.encinal.org](http://www.encinal.org)

**Summer Learn to Sail Program**, ages 6-18, all levels.

When: Three-week sessions. Monday-Thursday, 8:30 am-12 or 1-4:30 pm.

Boats: Optimists, FJs, J/24s (provided).

**Advanced Race Team**, ages 9-18 by application only.

## MODERN SAILING SCHOOL AND CLUB

START RACING TODAY!

### LEARN TO RACE CLINICS

*offered three times a year!*

Learn to Race Clinics have a multi-day curriculum designed for the novice racer. Training in the fundamentals of racing include tides and currents, sail trim, basic tactics, starts, rounding marks, and basic spinnaker sailing.

JOIN A TEAM

*Coach on board to facilitate training.  
 Learn by actually racing!*

**Recreation** - Lightly competitive, great for recent clinic graduates  
**Performance** - Higher intensity, great for second year racer

Both teams participate in Spring, Summer, and Mid-Winter Races, along with major regattas throughout the year.

## YOUTH SAILING

*continued from page 52*

### ENCINAL YC (Alameda) *Continued*

When: Spring/Summer/Fall. Boats: Optimists, Lasers, 420s (provided).

**High School Program**, grades 8-12.

When: Weekends and after school September-April. Boats: FJs (provided).

Scholarships available through the Encinal Sailing Foundation.

### GOLD COUNTRY YACHT CLUB

education@gcyc.net, www.gcyc.net

Our Youth sailing education program teaches beginning sailing on Sunfish sailboats. Classes are one-week long, 9 am-4 pm each day. We have beginning and intermediate instruction on CFJ sailboats for the advanced beginners. Classes are held in June and July on Scotts Flat Lake. Check calendar for class dates on the website or contact us at the email above.

### GOLDEN GATE YC (San Francisco)

www.ggyc.org

**High School Sailing**, grades 8-12.

When: Tuesdays and Thursdays, 4 pm to dusk during the school year. Boats: FJs (provided).

Scholarships available through the GGYC Youth Sailing Foundation.

### INVERNESS YC

www.invernessyachtclub.org (see Youth Sailing tab)

**Youth Sailing Camp**, ages 10-18.

Sponsored by the Inverness Yacht Club on Tomales Bay, Inverness CA (Marin County).

Two three-week sessions: June 26-July 14 and July 18-August 4.

When: Daily from 9 am-4 pm; 10 am-5 pm, depending on tides.

Fee: \$950 per session. Scholarships available.

### LAKE YOSEMITE SAILING ASSOCIATION (Merced)

Brigitte Bowers-Loeffler, (209) 357-7049, brigitematt@comcast.net,

www.lakeyosemitesailing.org

**Sail Camp**, ages 8-16, able to swim.

When: Multiple Sessions TBA. Boats: Lido 14s (provided).

**Mini Camp**, ages 8-10, 9 am-1 pm. Cost: \$125.

**Basic Camp**, ages 10-16, 9 am-4 pm. Cost: \$180.

**Advanced Camp**, any age, must have completed Basic course. 9 am-4 pm. Cost: \$180.

Scholarship program, member discounts; multiple siblings and/or multiple weeks receive 15% discount.

### MONTEREY PENINSULA YC

junioradvisor@mpyc.org, www.mpyc.org

**Varsity Sailing Team**, grades 8-12. When: Practices weekly, September-June.

**Junior Sailing Team**, grades 6-7. When: Practices twice monthly, September-June.

**Summer Sailing Camp**, ages 8-17. When: Weekly sessions from June through the end of July.

See website for more information about these programs.

### NEHEMIAH (Richmond)

(510) 234-5054, www.sailingacross.com

Crosscurrent Voyages use experiential education, adventure and managed risk-taking for growth and development. Primary goal is assisting youth and youth-at-risk to develop a strong sense of character and community, while instilling self-esteem in a hands-on situation.

### OAKLAND PARKS & RECREATION

Sarah Herbelin, (510) 238-2196, www.sailoakland.com

**Sailing into Science**, fifth graders (teachers may sign up their classes).

Where: Lake Merritt Boating Center. When: School year.

Boats: Pedalboats, dragonboats, kayaks, canoes, whaleboats (provided).

Cost: \$300 per class per day (up to 32 students).

**After-School Learn-to-Sail Program**, ages 10-17.

Where: Lake Merritt Boating Center. When: Weekday afternoons during the school year.

Boats: Optis (provided). Cost: \$165/10 weeks.

**Basic & Intermediate Summer Programs**, ages 10-17.

Where: Lake Merritt Boating Center. When: One-week sessions, June-August.

Boats: Optis, Sunfish, Catalina 14.2, Hobie Wave (provided).

Cost: \$180/Oakland residents; \$216/non-residents.

**Advanced Summer Program**, ages 11-17.

Where: Jack London Aquatic Center (Oakland Estuary).

When: One-week sessions, June-August.

Boats: Hobie 16s, Bytes (provided). Cost: \$195 and up.

**Youth Sailing Team**, grades 8-12 from any school.

Where: Jack London Aquatic Center (Oakland Estuary).

When: Practices and regattas on weekends spring and summer.

Boats: Laser 4.7s or club FJs (provided).

# Delta Ditch Run

## June 10, 2017

The Delta Ditch Run starts in the San Francisco Bay and goes up the Delta, finishing at Stockton Sailing Club. In the past, the Delta Ditch Run has attracted more than 200 boats with racers from across the country showing up for this generally downwind 65-mile race.

[www.stocktonsc.org](http://www.stocktonsc.org)

## East to West We Have You Covered

Please note our new West Coast  
Office number: **619-215-9106**

  
**PANTAENIUS**  
Yacht Insurance

USA\* · Germany · Great Britain · Monaco  
Denmark · Austria · Spain · Sweden · Australia

\*Pantaenius America Ltd. is a licensed insurance agent licensed in all 50 states. It is an independent corporation, incorporated under the laws of New York and is a separate and distinct entity from any entity of the Pantaenius Group.

## YOUTH SAILING

continued from page 58

### STOCKTON SAILING CLUB

[www.stocktonsc.org](http://www.stocktonsc.org)

**Learn to Sail Program**, ages 8-21 (24 if FT student). When: One-week classes, June-August. Boats: Optis and FJs (provided). Cost: Contact club.

**Summer Sleepover Sail Camp** (with RYC & SCYC), [www.sailcamp.org](http://www.sailcamp.org)  
When: July. Boats: El Toros, Optis (limited number of club boats available to rent).  
Cost: Contact club(s). Scholarships available.

### TAHOE COMMUNITY SAILING / TAHOE YC / TAHOE CITY PARKS & RECREATION

TCPUD Recreation Department, (530) 583-3440, ext. 1

**Youth Sailing Program**, ages 6-17. When: June-August, Monday-Thursday, 10-4.

**Race Program**, Laser Radial and Pico Race Teams. When: Monday evening and Friday during the day. Boats: CFJs, Picos, Nomad 17s, Lasers, 420s.

**US Sailing Power Boat Safe Boat Handling**

**ADVENTURE SAILING/AQUATICS** Sailing, paddle boarding, environmental ecology, water safety. Cost: Contact above.

### TREASURE ISLAND SAILING CENTER

Travis Lund, (415) 421-2225, [www.tisailing.org](http://www.tisailing.org)

**Harbor Seals**, age 6. Entry level, exploratory program focusing on water-safety and wind/sea awareness. Spring, Summer (Camp), Fall, \$350.

**Explore Sailing**, ages 7-12. Entry level, exploratory program instilling confidence on or near the water, building sailing skills and enhancing respect for a clean ocean. Summer Camp, \$350.

**Beginner Youth**, ages 7-12. Fun introduction to beginner level sailing fundamentals through the excitement of small sailboats. Spring, Fall, \$350; Summer Camp, \$600.

**Intermediate Youth**, ages 7-12. Continuation of small dinghy skills, introducing more subtle boat handling techniques and sailing conditions. Spring, Fall, \$350; Summer Camp, \$600.

**Advanced Youth**, ages 7-12. Introduction to racing and strategy for students with a strong understanding of advanced boat handling. Spring, Fall, \$350; Summer Camp, \$600.

**Explore Teen**, ages 13-18. Exploratory class designed for teens to learn basic dinghy sailing skills and boat safety. Summer Camp, \$350.

**Beginner Teen**, ages 13-18. Further exposure to fundamental sailing skills, while heightening personal reliance and judgment on/off the water. Spring, Fall, \$350; Summer Camp, \$600.

**Intermediate Teen**, ages 13-18. Development of doublehanded small dinghy skills, focusing on collaboration, teamwork and proper boat handling. Spring, Fall, \$350; Summer Camp, \$600.

**Advanced Teen** (ages 13-18): Strategy focused, emphasizing teamwork to tackle the complex components of racing in a doublehanded dinghy. Spring, Fall, \$350; Summer Camp, \$600.

**Junior Big Boat I**, ages 7-12. Developmentally appropriate introduction to keelboat sailing instilling communication and teamwork skills. Spring, Fall, \$350.

**Junior Big Boat II**, ages 13-18. Designed as a diverse platform to challenge both novice and advanced students to learn or apply previous knowledge to big boat sailing. Spring, Fall, \$350.

**Junior Leadership Program Level I**, ages 15-18. Leadership pathway for our oldest junior sailors to build instructor experience and continuing personal sailing skills. Summer Camp, \$300.

**Junior Leadership Program Level II**, ages 15-18. Advancement in our leadership pathway as a Junior Instructor, typically in preparation for Level I certification. Summer Camp, FREE. Youth program scholarships available.

| WX 1-2-3                                   | Weather (receive only).                                                                                                                                                                                                         |

Of all the safety equipment on your boat, your VHF radio is probably the most effective and essential. Because VHF uses common frequencies, it's important to remember a few rules of marine radio etiquette:

- Radio checks, which should be performed at least every time you leave your slip, should always be conducted on channel 9, never on channel 16.
- Before hailing another station on channel 16, listen for at least one minute before keying your mic, so as not to “step” on radio traffic that’s already underway.
- Speak slowly and pause for at least a minute between hailing attempts.
- Always start on the “low” power setting.
- Don’t use the radio if you have non-emergency traffic that can be accomplished with a mobile phone.

Winter  
California  
Style

## BERKELEY MIDWINTERS

Where the heat is  
on all winter long!

The longest running  
winter series on the Bay.

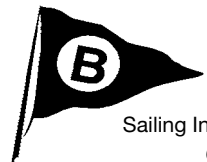

### New set-marks to avoid shallow water!

Separate Saturday and  
Sunday series!

Second weekend of the month  
from November through February!

Enter them both and use the  
BYC guest dock overnight.

Check out [www.berkeleyyc.org](http://www.berkeleyyc.org)  
for Notice of Race, Entry Form,  
Sailing Instructions, results and much, much more.  
Call or email for more information

## WOMEN'S CIRCUIT

The events on this page constitute *Latitude 38's* unofficial Women's Circuit. We challenge women sailors to take the helm and create their own series of events from this list. You don't need to finish first to win, and you don't need to do all the races on the list either! Just send proof of your participation in as many events as you can to [chris@latitude38.com](mailto:chris@latitude38.com), or fax it to (415) 383-5816, by November 10, 2017, and you could be crowned *Latitude's* 'Queen of the Women's Circuit'.

### SUNDAY, MARCH 5

Sadie Hawkins Race, IYC  
John New, (510) 521-2980, [iycracing@iyc.org](mailto:iycracing@iyc.org),  
[www.iyc.org](http://www.iyc.org)

### SATURDAY, MARCH 11

Rites of Spring (division for all-female crews), OYC  
Jim Hild, (510) 277-4676, [oyracecom@gmail.com](mailto:oyracecom@gmail.com),  
[www.oaklandyachtclub.com](http://www.oaklandyachtclub.com)

### SATURDAY, MARCH 18

# SAN FRANCISCO BAY

These current charts show direction and speed of the tidal current for each hour of current at the San Francisco Bay entrance. The charts depict the flow of tidal currents under normal weather conditions. Strong winds and freshets, however, bring about non-tidal currents which may modify considerably the speeds and directions shown in the charts.

## USE OF CHARTS

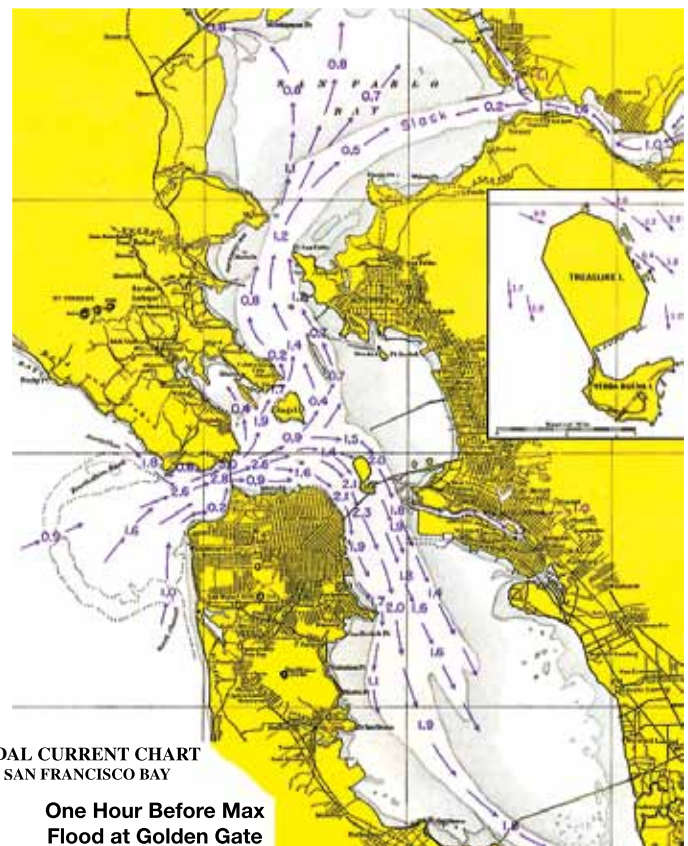

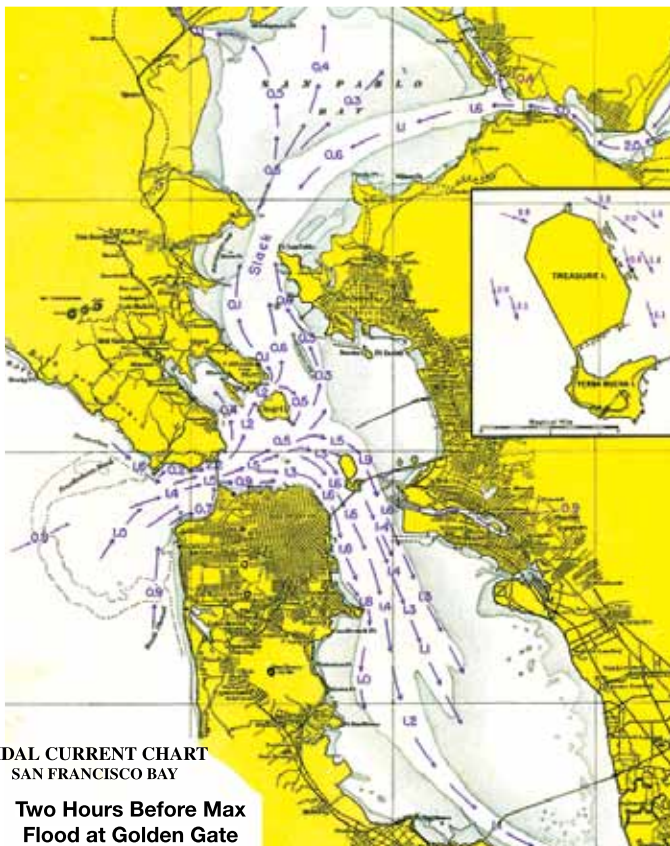

The chart to be used for any specific time is determined by obtaining the difference between the desired time and the time of the nearest Maximum Flood or Maximum Ebb for the Golden Gate. The chart with the title that agrees most nearly with this difference is the one to be used.

The numbers before or after the arrows indicate the 'tropic speed' of the current in knots. To determine the actual speed of the current for a particular day and hour, this tropic speed is multiplied by the factor given in the table to the right, 'Factors for Correcting Speeds'. To find the correct 'predicted speed' as listed in the table, see 'Weekend Currents' on pages 80 and 81.

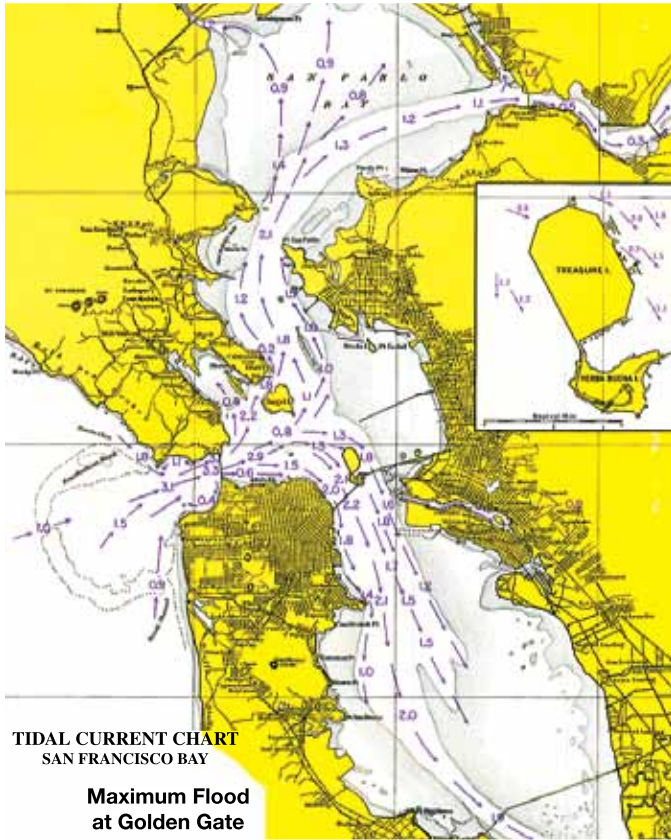

*The charts on this page and those that follow are from the National Ocean Service, National Oceanic and Atmospheric Administration of the U.S. Department of Commerce.*

## FACTORS FOR CORRECTING SPEEDS

| MAXIMUM FLOOD           |             |     | MAXIMUM EBB             |             |     |
|-------------------------|-------------|-----|-------------------------|-------------|-----|
| Predicted speed (knots) | Factor      |     | Predicted Speed (knots) | Factor      |     |
| 0.5-0.8,                | multiply by | 0.2 | 0.7-1.1,                | multiply by | 0.2 |
| 0.9-1.1,                | multiply by | 0.3 | 1.2-1.5,                | multiply by | 0.3 |
| 1.2-1.4,                | multiply by | 0.4 | 1.6-2.0,                | multiply by | 0.4 |
| 1.5-1.8,                | multiply by | 0.5 | 2.1-2.4,                | multiply by | 0.5 |
| 1.9-2.1,                | multiply by | 0.6 | 2.5-2.9,                | multiply by | 0.6 |
| 2.2-2.4,                | multiply by | 0.7 | 3.0-3.3,                | multiply by | 0.7 |
| 2.5-2.8,                | multiply by | 0.8 | 3.4-3.8,                | multiply by | 0.8 |
| 2.9-3.1,                | multiply by | 0.9 | 3.9-4.2,                | multiply by | 0.9 |
| 3.2-3.4,                | multiply by | 1.0 | 4.3-4.7,                | multiply by | 1.0 |
| 3.5-3.7,                | multiply by | 1.1 | 4.8-5.1,                | multiply by | 1.1 |
| 3.8-4.1,                | multiply by | 1.2 | 5.2-5.6,                | multiply by | 1.2 |
| 4.2-4.4,                | multiply by | 1.3 | 5.7-6.0,                | multiply by | 1.3 |
| 4.5-4.7,                | multiply by | 1.4 | 6.1-6.5,                | multiply by | 1.4 |
| 4.8-5.1,                | multiply by | 1.5 | 6.6-6.9,                | multiply by | 1.5 |

## Master Mariners 24<sup>th</sup> Wooden Boat Show • Sunday, June 25

10 am to 4 pm ~ Corinthian Yacht Club

View and board classic sailing vessels, meet their skippers and learn the yachts' unique history. Show proceeds to go Master Mariners Benevolent 501(c)3 Foundation. The Foundation provides scholarships for youth sailing, wooden boat building and maritime education. Also provides for the preservation of SF Bay Classic yachts. MMBF is dedicated to preserving the continuity of traditional yachting on San Francisco Bay. Outdoor bar and grill is open for lunch. Model boat building for kids. Children under 12 free when accompanied by an adult.

Our Annual Regatta – Saturday, May 27

Master Mariners Benevolent Association
