## The Best of Both Worlds

For the past 60 years, Jeanneau has been dedicated to building high-quality sailboats and powerboats for those of us who love spending time on the water. Regardless of whether you're in the market for a 46 foot express cruiser, small outboard runabout, or a 64 foot cruising boat, Jeanneau has the right boat for you.

# The Pacific Sail & Power Boat Show and Marine Sports Expo • April 6-9, 2017

## A Four-Day Boating Extravaganza!

I am excited to welcome you to the 22nd Pacific Sail & Power Boat Show at the Marina Bay Yacht Harbor and Craneway Pavilion. The Boating Extravaganza is set on 25 waterfront acres, in the award-winning architecturally significant Craneway Pavilion at Marina Bay Yacht Harbor, in the heart of San Francisco Bay. The venue delivers an awe-inspiring panoramic view of the Bay, providing an amazing look at the San Francisco skyline and surrounding waterfront environment.

The Boating Extravaganza — formerly Strictly Sail Pacific — provides everything for the water enthusiast; and this year the event is even bigger. Whether you are new to sailing, a casual boating enthusiast or a veteran blue-water cruiser, this four-day event is the place to immerse yourself in the world of marine sports and the boating lifestyle. Enjoy the great outdoors while discovering all the new boat designs that the world's leading manufacturers offer. All in one place, you will find the newest boats, boat types and styles for every boating interest. Better yet, the display will showcase a wide range of marine electronics, boating gear, and water lifestyle accessories for fun and safety on and around the water.

2017 Expanded Boat Show Extravaganza offers:

- Over 50,000 square feet of exhibit hall space filled with boating gear, hardware and accessories.
- Sailboats from 12 feet to 55 feet.
- Motor Yachts at the In-Water Display (new for 2017).
- Discover Sailing and Discover Boating, where you can experience boating for the first time or expand your knowledge with one of the many hands-on, on-the-water learning classes!
- New products.
- Cruisers Seminar Series, offering over 90 free seminars on topics ranging from cruising destinations to outfitting your boat. Learn from the experts on a host of topics from cool products newly introduced to the industry and long-distance family cruising, to weather and communications.
- Advanced Boating Seminars, where you will hear from some of the most experienced presenters who will help you bring your cruising knowledge to the next level. Sign up for Mahina Expedition's Offshore Cruising Seminar to learn the realistic and practical aspects of ocean cruising and its current costs. Or, participate in Nigel Calder's hands-on workshops on Understanding and Troubleshooting Electrical Systems and Diesel Engines. There is also the Marine Weather, Seamanship & Navigation Strategies & Boat Outfitting Symposium: The Ultimate Cruising Symposium. A one-day intensive program that simplifies complex issues involving weather, seamanship and navigation strategies, and highlights the importance of boat outfitting. Presented by highly experienced industry leaders Pam Wall, Chris Branning and Lee Chesneau. These are just a few of the many learning opportunities available!
- Author's Corner, where you will find the latest nautical books and meet the sailors that have 'been there and done that.'
- Special Events, with Stand-Up Paddleboard demonstrations and remote-controlled sailboat races.
- Exciting food choices, on-site restaurants and an assortment of Bay Area food trucks.
- Free shuttle service to ensure getting around the show is as enjoyable as it is easy.

One thing is for certain...if you're into boating or have any interest in the on-water lifestyle, this is THE place to be April 6-9, 2017. Come with friends or bring the family! I hope to see you there.

Sincerely,

*Jim Abel*

# New Boat Showcase

## OCEANIS 45

When it comes to upholding the Beneteau tradition of quality, innovation and attention to detail, the Oceanis 45 has always been at the front of the line. Built to combine safety, luxury and performance, the Oceanis 45 has cornered the market when it comes to blue-water versatility. Intelligent use of space allows a range of options below deck, including two heads with a choice

of two, three, or four cabins. The skillfully designed interior is bright and maximizes storage space. See her at the Passage Nautical display.

## DEHLER 34 – Northern CA debut

Recently awarded *Cruising World's* 2017 Boat of the Year in the Performance Cruiser category, the Dehler 34 combines the comfort of a luxury yacht and the performance of a racing yacht with a sporty and elegant exterior and a spacious interior featuring the specially developed Dehler Uni Door Concept, with one door for three rooms. History and high-tech combined in one yacht.

A dream at the helm and also on the race course!

See her at the Dehler Yachts display.

## HANSE 315 – Northern CA debut

The multi-award-winning Hanse 315 features outstanding sailing properties, a well-thought-out deck layout, self-tacking jib, and a light and airy interior with 2 layout options. This boat fulfills requirements of all future owners, regardless of whether you prefer sporty sailing, relaxing holidays or spending time together

on board with family and friends; all with an attractive base price of \$108,000.

Come see her at the Hanse Yachts display.

## JEANNEAU ODYSSEY 349

From the very first glance, the Sun Odyssey 349 captivates with her pure lines, generous interior volume and inviting cockpit. Whether in the cockpit or at the helm, at anchorage or at sea, you will enjoy taking full advantage of this seaworthy, stable and easy-to-handle sailboat. See her at the Cruising Yachts display.

## J/88

The 29-ft family speedster with stability, style and sailing comfort, hits the sweet spot in J/Boats' performance sprit range. Large enough to provide the creature comforts of a sit-in cockpit, inboard diesel, overnighting interior and head – and small enough to be single-point lifted, owner trailered and stored.

The order backlog is building, so come have a look

and at the Sail California display and order your J/88 today.

## Catalina 425 – Northern CA debut

The 425 incorporates all of Catalina's hallmark features: a functional, spacious cockpit, a comfortable, carefully detailed interior, and all the 5 Series features that have redefined the Catalina brand.

The deck includes twin helms on performance pedestals with pre-stretched cables. Hull features six large fixed ports recessed into the hull for lots of light and visibility.

Come see her at the Farallone Yachts display.

# New Boat Showcase

## NEW SWIFT TRAWLER 30

The Swift Trawler 30 is the newest model in the range and represents Beneteau's continuing quest to define the trawler as it should be. She packs all the luxury, performance and power you'd expect to find aboard a 40-foot boat. Her stylish, contemporary lines distinguish her from the rest. Built for traveling long distances as much as for enjoying anchorages and stopovers,

the Swift Trawler 30's open layout is a plus for any voyage. See her at Passage Nautical.

## JEANNEAU NC11

Contemporary elegance is complemented by total transparency and seamless space. The modular internal features are restrained and comfortable: cabins, huge bathroom, salon, storage, and more. A panoramic view and a fully equipped helm station make coastal cruising easy and enjoyable. Bright natural lighting and excellent ventilation bring you

closer to the elements.

Come see her at the Cruising Yachts display.

## PRINCESS P49 FLY

Cutting through the waves at speeds up to 35 knots or cruising at a highly economical 30 knots, the new Princess 49 promises to be sublimely enjoyable. She combines the latest Volvo IPS pod drive system with a new modified deep-V hull, providing ease of handling and maneuverability. Her social flybridge arrangement enjoys a twin helm seat, convertible L-shaped sofa and

generous seating aft.

Come see her at the Silver Seas Yachts display.

## BAVARIA S40 COUPE

The S40 Coupe simply cannot be surpassed for variability. Large windows and doors transform the stern into a balcony and the cockpit into a saloon whenever you want, while the sophisticated lighting concept offers a 360-degree view at all times. With two double cabins and a large saloon with galley, the S40 Coupe is more than just a weekend motor yacht. The S40 exudes

luxury and sportiness with unique spaciousness.

See her at the JK3 display.

## JEANNEAU VELASCO 37F

Although slightly more compact, reinforcing a sense of intimacy and well-being, the new Velasco 37F is just as elegant as the Velasco 43F. Inside, every detail has been designed to increase window area, for a bright living space with magnificent 360° views. With her twin engines with shaft drive and thrusters,

the Velasco 37F redefines the modern power cruiser – dedicated to family fun on the water. See the Cruising Yachts display.

## TIARA 3100 CORONET

While maintaining the heritage of the original Tiara Series, the 31 Tiara presents herself with a touch of elegance and style only seen from a manufacturer with over 60 years of luxury boat-building experience. The classic lines and timeless sheer are matched with modern features and benefits complementing her American made pedigree. This popular boat has been a big hit in the Bay Area as it combines seakeeping a kin to a larger yacht and has huge cockpit space for many guests out for a day's cruise on the water. See the Silver Seas Yachts display.

## Discover the Latest from J/Boats at Pacific Sail & Power Boat Show

**J/121**

**Offshore speedster.  
More speed with  
less crew.**

The new J/121 (pronounced 1-2-1) is a 40' offshore speedster that can be day raced or distance sailed by just five or less crew. The best shorthanded J ever and capable of winning on any race track while also excelling in daysailing and weekend mode. Here's a boat, class and program that redefines sailboat racing as a recreation and shared adventure with friends. It fulfills the growing need to simplify life and reconnect with those you really want to sail with.

**J/97E**

**Pure sailing boat.  
Fast, easy to sail,  
and comfortable.**

With a family crew, the J/97E can cruise anywhere with unparalleled ease in sumptuous accommodations. Underneath that exotic, sinfully luxurious interior is a pure thoroughbred – the unbridled, raw power of a Ferrari 12-cylinder engine rumbling to a roar to blast you around the track while you relax in Rolls Royce ultra-leather comfort and relish Jaguar-like silkiness in the S-turns – a rare combination indeed.

**J/88**

**The 29-ft Family Speedster with Stability, Style and Sailing Comfort**

The J/88 hits the sweet spot in J/Boats' performance sprit range – large enough to provide the creature comforts of a sit-in cockpit, inboard diesel, overnighting interior and head; and small enough to be single-point lifted, and owner trailered and stored. The order backlog is building, so come have a look and order your J/88 today.

***Come to the show to learn more about the newest in the J/Boat line-up.  
We'll then make arrangements for the best part of any J/Boat –  
the not-to-be missed test sail.***

# Cool Products

*Pacific Sail & Power is pleased to feature the following products from some of our exhibitors. Please visit their booths and experience them for yourself! For a complete list of products at the Pacific Sail & Power Show, see the show website at [www.pacificboatshow.com](http://www.pacificboatshow.com).*

## AB MARINE Shaft Shark

New and improved – now with 2x more teeth! This new design features an additional serrated cutting blade for slicing through monofilament and tough aramid fiber ropes.

Protect your drive train and propeller with the best rope, line and debris cutter there is. Available for both power and sail. The Shaft Shark is a serrated edge circular blade machined from high quality (316L) type stainless steel. It is easy to install; no drilling, tapping or dismantling. It is available as a split 2x piece unit for quick and simple installation, no need to remove propeller. Also available as a single piece unit for larger

diameter shafts. Zero maintenance since there are no moving parts (cutters/bearings/zincs/stops) to maintain or replace annually. Easily re-sharpened if necessary.

## SAILSTEP

Creaky knees making your sailboat feel taller every year? SailStep's award-winning boarding steps make docking safe and easy.

SailStep is rock-steady, with an engineered plastic step folding into a rugged aluminum frame. Compact for travel and weighing only five pounds, SailStep stows just about anywhere. Never sail without a step again!

On approach, your crew can step off with dock lines in hand. Or walk your boat out of the slip, and effortlessly step aboard. No hazardous jumping required!

Stop by booth C-5 to see if SailStep is the the right boarding solution for you and your crew.

## BOYE KNIVES

Extreme performance, no rust Boye Boat Knives stay sharp through hundreds of clean cuts of high-tech rigging line. Amazing, but true! The cobalt-based blades are permanently rust free and non-magnetic. See our folding and fixed blade models for safety and effectiveness on board. Ongoing cutting demo during show, try it yourself!

Made in USA.

## FREEDOM LIFT Ultimate Tender Lift Solution

The ultimate solution for carrying and launching your tender, dinghy or personal watercraft. This transom-mounted hydraulic system features wireless remote-control operation, the industry's only easily removable Lift Arms and capacity of 800+ lbs.

## SPAULDING MARINE CENTER Winch Seat

Spaulding will display its recreation of the classic winch seat. First introduced by Bariet Winch Company over 30 years ago, it has been unavailable – until now.

The Spaulding winch seat drops into any currently standard winch and provides a comfortable and cushy chair that the crew will fight over.

Shown for the first time at the Pacific Sail & Power Boat Show, the winch seat will have a suggested retail price of \$295.

# Cool Products

## FIRST MATE Solar Panels

Introducing a new line of very high-performance marine solar panels and controllers.

Complete kits are available with everything you need to install solar on your boat.

The new 120-watt marine solar panel is powered by top-quality high-efficiency SunPower solar cells with incredible 22% efficiency. When matched with the all new Tracer MPPT controller, this power plant will keep battery banks charged even for the most demanding power requirements.

The new 110-watt flexible marine solar panel is powered by top-quality high-efficiency SunPower solar cells and ideal for mounting on curved surfaces and canvas binimi tops.

## DAVIS INSTRUMENTS Snap Tool – Multi-Key

A deck plate key with attitude! The Snap Tool Multi-Key is a hardened stainless steel boating and outdoor tool. Aside from its shackle and two deck plate keys, it features a button snapper and unsnapper, and zipper pull. It has slotted and Phillips head screwdrivers, four hex wrenches, a scraper, cutting blade and bottle opener. It measures 2.75" W x 4.48" L and weighs 2.8 oz. It sells for \$12.99. The Davis Snap Tool – Multi-Key has won industry awards.

At its third annual InNEWvation Award Show, Fisheries Supply Company awarded Davis Instruments' Snap Tool Multi-Key its highest honor, the 2016 Grand Prize Winner. The Davis Snap Tool also won in the Maintenance category.

## MUSTO Gore-Tex™ Ocean Racer Boot

New for 2017, Musto has introduced the Gore-Tex™ Ocean Racer Boot. These boots feature the toughest Gore-Tex™ footwear membrane available. They offer complete waterproof protection with maximum breathability. The Cordura™ gaiter adds extra protection against the elements and the damage-prone areas (toes/heels) are reinforced for longevity.

Available at the Musto booth!

## MATHIESEN MARINE New! Raymarine AXIOM

A powerful new multi-function navigation system with built-in RealVision 3D™ sonar, the all new LightHouse 3 operating system, and blazing fast quad core performance.

AXIOM will transform your time on the water!

## PORTA-BOTE Hi-Tech ALPHA Series

Over 41 major engineering advances have been incorporated. An entirely new, unique, patented folding transom means the owner doesn't have to carry a separate transom anymore – it's now part of the Porta-Bote. In addition, even special beverage container holders are molded into the sides of the seats. Over 90,000+ original Porta-Botes are already in use around the world.

## UNITED STATES POWER SQUADRON Boating Skills Virtual Trainer

The United States Power Squadron will be featuring their latest Boating Skills Virtual Trainer. The Boating Skills Virtual Trainer is a new way of providing hands-on boating skills for small boat operations featuring a Boston Whaler Dauntless 200 with a Mercury outboard engine. Skill building includes docking, slalom, high-speed stop, leaving from the dock, mooring and man overboard in wind up to 25 knots and currents up to 8 knots in day or night time.

# Make Mother Nature Happy.

## Switch to Hydrocoat Antifouling.

### HYDROCOAT

*The World's Best Selling  
Multi-Season, Water-Based  
Ablative*

### HYDROCOAT SR

*The World's Best Selling  
Dual-Biocide, Multi-Season,  
Water-Based Ablative*

### HYDROCOAT ECO

*The World's Best Selling  
Dual-Biocide, Copper-Free,  
Multi-Season, Water-Based  
Ablative*

Hydrocoat helps Mother Nature keep her air and water fresh and clean and that makes her very happy. Solvent-based antifoulings contain a higher level of VOC's, which makes Mother Nature very unhappy. Hydrocoat has fewer VOC's, no foul smell and clean-up is simple with soap and water. Yet with all this green going for it, Hydrocoat is a very effective antifouling and is as good as the best solvent-based bottom paints. So stop using old technology. Make Mother

**HYDROCOAT**® happy, use fresh, clean Hydrocoat and maybe it won't rain on weekends this season.

# Discover the *On-the-Water Lifestyle*

## WELCOME TO THE DISCOVER SAILING & BOATING CLINICS AT THE PACIFIC SAIL & POWER BOAT SHOW

Whether you are a novice or experienced on the water, there is something for everybody in the programs offered at the show.

Take a cruise or a clinic with Discover Sailing & Boating. Whether you are a cruiser or a racer, thinking about the next boat or that next charter vacation, or looking to try out the latest boats on offer and learn about their new technologies and styles, one of these programs will be right for you!

To help boaters get the most out of their vessels and feel confident when considering their next boat, we are featuring several hands-on on-the-water clinics led by some of the best instructors in the Bay Area.

On these pages, you will find full descriptions for all our Discover Sailing & Boating Programs being offered at Pacific Sail & Power Boat Show 2017.

To learn more or to register for one of these clinics or free excursions, go to [www.pacificboatshow.com](http://www.pacificboatshow.com) and click on the 'Discover Sailing/Boating' tab. Pre-registration for these events is encouraged, and paid clinics include admission to the show for the day of the clinic (an \$18/pp value).

### CAST OFF FOR CRUISING

Have you ever longed to be aboard one of the many sailboats you see on San Francisco Bay as you cross the area bridges? Have you ever dreamed of sailing in a beautiful tropical location? Cast off on a beautiful luxury cruising yacht and learn how easy it can be to make your dreams a reality! Get a taste of cruising US Sailing-style aboard one of Club Nautique's gorgeous new Beneteau 31s. On this 90-minute sail, you'll take the helm under the guidance of one of our Coast Guard-licensed captains and get an introduction to sailing. It could change your life!

Thursday–Sunday: 10:30 a.m.–12:00 p.m.; 12:30–2:00 p.m.; 2:30–4:00 p.m.

Online registration \$75 per person; \$95 on-site

Limited to four people per sail.

### POWER CRUISING ON SAN FRANCISCO BAY

The Bay Area is home to fantastic destinations on the water, and what better way to get there than by powerboat? Let Club Nautique show you how to begin by joining in on a 90-minute cruise on a brand new Jeanneau NC 9, a premiere boat in our newly enhanced powerboating program. Take the helm for a tutorial of basic powerboat operation while seeing some of the Bay's famous sights, with one of our Coast Guard-licensed captains.

Learn more about how Club Nautique's new power program can put you at the helm exploring San Francisco Bay and beyond.

Thursday–Sunday: 11:00 a.m.–12:30 p.m.; 1:00–2:30 p.m.; 3:00–4:30 p.m.

Online registration \$75 per person; \$95 on-site

Limited to four people per cruise.

### CATAMARAN SAILING CLINIC

Are you getting ready for your next charter vacation? Are you curious why so many sailors and charter companies are choosing multihulls? What are the main differences between multihull and monohull sailing? Are you looking to expand your sailing knowledge to include cruising catamarans? Then this is the clinic for you. During this two-hour on-the-water clinic, you will learn to maneuver a large cruising catamaran under both sail and power. You'll learn about docking, sailing, and general systems of a large cruising catamaran. This clinic is offered Thursday, Friday, Saturday and Sunday and is limited to six people per time slot.

Please note: This clinic assumes intermediate sailing skills and experience. The goal is to transfer your existing skills set sailing a monohull to sailing a cruising catamaran – and will not cover basic sailing.

Thursday–Sunday: 11:00 a.m.–1:00 p.m.; 2:00–4:00 p.m.

Online registration: \$125 per person; \$145 on-site

Limited to six people per cruise.

### INTRO TO SAILING A BOAT OVER 40'

Are you considering a bigger boat and want to find out how it feels? Interested in on-board training? This two-hour class is right up your alley! The program is an introduction to sailing a larger boat, applying the skills you have, and understanding new skills you will need to develop feeling comfortable on board. This training will give sailors of all experience levels an opportunity to become more competent and confident in their abilities.

If you choose to venture beyond the sailing basics, we'll expand your horizons by teaching you what you need to know in our ASA Sailing Courses offered by Passage Nautical at our Jack London Square office, or private lessons designed around your sailing goals.

Thursday–Sunday: 10:30 a.m.–12:30 p.m.; 2:00–4:00 p.m.

Online registration: \$125 per person; \$145 on-site

Limited to six people per class.

### TWIN ENGINE CLINIC: CLOSE QUARTER MANEUVERING & DOCKING

Is it time for you to get behind the wheel of a larger power boat? Want to try maneuvering with a joystick? This three-hour clinic will teach you how to control a twin-engine vessel in close-quarters maneuvering, instead of the other way around. It is one of the few classes that you will depart or arrive at a dock as part of your training. All our students are pleasantly surprised to find themselves at a much more improved level at the end of this fun session.

Following a short discussion about the four forces at work while motoring – prop walk, prop wash, wind, and current – we will review the basic undocking and docking techniques. This is a 'hands-on' clinic, so you will be doing the driving. You will practice fairway turns and backing the boat, and then we'll move into a series of drills designed to lead you to mastery of common docking situations.

The clinic is offered by Passage Nautical.

Thursday–Sunday: 10:30 a.m.–1:30 p.m.; 2:30–5:30 p.m.

Online registration: \$150 per person; \$165 on-site

Limited to six people per class.

## Plenty of Fun Things to Do and See!

*From the novice boater to the old salt, the Pacific Sail & Power Boat Show has something for everyone: a huge selection of the latest boats and boating accessories, an extensive seminar schedule, hands-on boating clinics, live music and parties.*

### STAND UP PADDLE BOARD RACES

#### Hosted by 101 Surf Sports

Learn more about the sport that originated in Hawaii and is now one of the fastest growing water sports! Get 'on board' and come participate or view the Stand Up Paddle Board Race in the Inner Harbor Basin on the weekend. Multiple races segmented by experience; all races will wrap up at 2:00 p.m.

Schedule:

#### Saturday, April 8: Paddle Board Races

2-mile short course – perfect for first timers • 6-mile long course – experienced paddlers  
10:30 a.m. Skippers Meeting; 11:00 a.m.

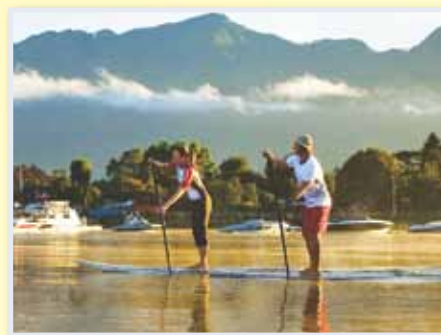

Invited Classes: SUP, Prone, Surfski, Outrigger Canoe, Kayak  
Divisions: Men, Women, Under 18, Masters 55+

Interested? Contact 101 Surf Sports at [www.101surfsports.com](http://www.101surfsports.com) or call (415) 524-8492.

Registration: Online pre-registration \$20; Registration on-site \$30

Register Online at <https://paddleguru.com/races/BoatShowPaddleRaceMarinaBay>

Where: Marina launch ramp

#### Sunday, April 9: Inflatable Paddle Board Extravaganza

Team-building exercise on the SUPsquatch

Exhibitor Race – short sprint

SUP Tug-o-war on SUPsquatches or individuals • SUP jousting

Show up and join in the fun! 11:00 a.m. – 2:00 p.m. at the marina launch ramp

### HANDS-ON SMALL SAIL BOAT DEMOS

#### Hosted by West Coast Sailing

New to sailing or just want to try the fun and excitement of small sail boats? Try one of the select demo boats on the water during the boat show. We're excited to offer demos to customers – free of charge. (Show admittance fee applies.)

Sign up online at [www.pacificboatshow.com](http://www.pacificboatshow.com) and click 'Discover Sailing/Boating.'

WETA – Fast and fun 14' trimaran with a strong fleet in and around the Bay Area. Check out the boat in person that famously handles the city front at its worst, and their website at: [www.wetamarine.com](http://www.wetamarine.com).

HANSA 303W – This is an Inclusive 10' Sailboat, used around the world to let everyone from youngsters to seniors, and those with any level of physical ability, sail. Weighted centerboard and reefable main all make this boat exceedingly stable for any sailor.

Go to [www.hansasailing.com/product/1040-303-wide-complete-boat-ready-to-sail](http://www.hansasailing.com/product/1040-303-wide-complete-boat-ready-to-sail).

RS VENTURE CONNECT – The nonprofit California Inclusive Sailing will be showing off one of their small keelboats – the Venture Connect.

Fitted with two seats and a weighted keel, the Venture is a three sail, fun and roomy boat for sailors of any physical ability.

Check out: [www.rssailing.com/us/explore/us-rs-venture-connect](http://www.rssailing.com/us/explore/us-rs-venture-connect).

West Coast Sailing will be doing demos all week during the boat show. Register for a free demo online at [www.pacificboatshow.com](http://www.pacificboatshow.com) and click 'Discover Sailing/Boating', or on the dock. Come see the boats that are growing sailing access around the world.

When: Throughout the show Where: Marina launch ramp

## LIFE RAFT DEMONSTRATION

### Hosted by Sal's Inflatables

Have you ever looked at that white box up on the deck, wondering if you ever needed to inflate it, how you would go about it?

Join Sal's Inflatables/Viking for a live demonstration of their life raft, including a full in-water inflation. You will be able to get a firsthand experience and ask questions about the use and proper maintenance of your current or future life raft.

Saturday, April 8 at 2:30 p.m.

Sunday, April 9 at 2:30 p.m.

Where: By the Marine launch ramp

## THE FIGURE 8 VOYAGE – THE CHALLENGE

### Hosted by Randall Reeves

In the fall of 2017, lone sailor, Randall Reeves, will depart San Francisco for a first-ever circumnavigation of both the American and Antarctic continents in one season. The route will pass through all the world's oceans, approach both poles, and round Cape Horn twice.

The Figure 8 expedition vessel is a 45-foot, flush-deck aluminum sloop. Built in 1989 for German adventurer Clark Stede, she was the first yacht to circumnavigate the Americas in 1993. In 2002 and skippered by Tony Gooch, she was the first yacht to circumnavigate the globe non-stop via the Southern Ocean from a starting point in North America. Randall's Figure 8 combines these two routes into one epic voyage.

See the vessel, climb aboard, and meet Randall at the in-water display or at his seminars.

When: Every day during show hours

Where: In-Water Display

## RADIO-CONTROLLED MODEL SAILBOAT RACING & DISPLAY

**Hosted by Sacramento Model Yacht Club and Elk Grove Model Yacht Club**

Join members of the Sacramento Model Yacht Club (SMYC) and Elk Grove Model Yacht Club, each morning at 10:30 a.m. and again at 2:00 p.m., to enjoy the racing in at least three classes – Santa Barbara 70", Canterbury J's 60", and Infinity 54" – in the Inner Harbor Basin at the show.

Watch as the mini yachts make their way through the Basin, keeping you on the edge of your seat for the win.

We will also have beginner boats to sail along with an 8-1/2-foot J class replica of *Shamrock* on display as well as sailing.

Visitors will be able to try maneuvering the models with a *little* supervision.

When: Daily at 10:30 a.m. and 2:00 p.m. Where: Inner Harbor Basin

## WE'RE SAILING AND SUPPING FOR A CURE!

Come to the Leukemia Cup Regatta's booth #D11 to learn more about how you can have FUN and FUNdraise with the 12th Annual Leukemia Cup Regatta and Stand Up Paddle Race (the SUPCUP!). The Pacific Union Leukemia Cup Regatta is the top fundraising regatta in the country for the past 10 years. We are looking for motivated and competitive individuals to spend the day on the SF Bay showing their support to find a cure for blood cancers!

### Special Event:

Join 101 Surf Sports and the Leukemia & Lymphoma Society on Saturday, April 8 for the inaugural Stand Up Paddle Board race at the boat show.

See the STAND UP PADDLE BOARD RACE for more information.

## AUTHORS' CORNER

Stop by the Authors' Corner and pick up a great new read from your favorite sailing author. Chat with the experts, receive some great advice for your next sailing trip, get a signed book, and hear a tale or two about any number of sailing topics and adventures.

At the Marina Exhibition Tent; open during show hours.

# Advance Seminars

## Advance Registration and Fee Required

### Understanding and Troubleshooting Boat Electrical Systems

Nigel Calder

**Location:** Craneway Pavilion Seminar Center    **Date:** Friday, April 7  
**Time:** 9:00 a.m.–5:00 p.m. (Arrive at 8:45)    **Cost:** \$139/person; \$249/couple

The number one source of problems on boats large enough to have an electrical system, both power and sail, lies in these electrical systems. Tech guru Nigel Calder, author of the best-selling *Boatowner's Mechanical and Electrical Manual* (now in its 4th edition, with over 300,000 copies sold) takes participants through the core design and installation requirements necessary to head off electrical systems problems, and then delves into step-by-step troubleshooting techniques, including using a multimeter, that will rapidly identify most problems should they arise. Not only will you leave class with a far better understanding of your electrical systems and knowing how to fix common problems, but you will also likely save the price of admission by not having to make service calls or swap out perfectly good parts in search of solutions. No previous experience is required.

NIGEL CALDER

### Mahina Expeditions Offshore Cruising Seminar

John Neal, Amanda Swan-Neal and Nigel Calder

**Location:** Craneway Pavilion Seminar Center    **Date:** Saturday, April 8  
**Time:** 8:30 a.m.–5:30 p.m. (Arrive at 8:15)    **Cost:** \$139/person; \$249/couple

Self-sufficiency and preparation for your cruising adventures, whether to Mexico, the South Pacific or worldwide, are the focus of this intensive eight-hour seminar. Technical guru and author Nigel Calder joins John and Amanda Neal for 18 dynamic topics illustrated with PowerPoint presentations and documented in included 260-page *Offshore Cruising Companion*. In-depth topics include: Selecting and Outfitting a Boat for Offshore Cruising, Diesel Engine Overview, Storm Survival Tactics, Rigging and Sails, Communications, Anchoring, Piracy and Security, Managing Your Escape, Cost of Cruising and Best Worldwide Cruising Areas. This is the 164th Offshore Cruising Seminar John and Amanda have presented to 12,000 sailors since 1976. Visit <http://www.mahina.com/seminar.html> for the list of topics and schedule.

JOHN NEAL AND AMANDA SWAN-NEAL

John Neal's 350,000 ocean miles over 43 years include 27 years of conducting 181 worldwide sail-training expeditions aboard *Mahina Tiare*, a Hallberg-Rassy 46 detailed on [www.mahina.com](http://www.mahina.com). He is author, co-author, or contributing author of 16 books. John and his wife Amanda annually spend six months at sea, sailing 10,000 miles. Their seminars incorporate the latest information, techniques and resources.

Amanda Swan Neal's 310,000 ocean miles include completing the Whitbread Around the World Race as rigger aboard *Maiden*, two Sydney-Hobart Races and seven Cape Horn roundings. She has worked as a rigger and sailmaker in England, Australia and New Zealand. Additional experience includes coaching women's international sailing teams and tall ship sail training. She has instructed aboard *Mahina Tiare II & III* since 1994 and is author of *The Essential Galley Companion*, plus 120 magazine articles.

Nigel Calder is best known for his *Boatowner's Mechanical and Electrical Manual* and *Marine Diesel Engines*, both considered definitive works. In addition to hundreds of magazine articles, he has also authored *A Cruising Guide to the Northwest Caribbean*, *Cuba: A Cruising Guide*, *Nigel Calder's Cruising Handbook: A Compendium for Coastal and Offshore Sailors* and *How to Read a Nautical Chart*. Nigel is currently the Technical Editor or an Associate Editor of *PassageMaker*, *Professional Boatbuilder*, *Sail*, *Ocean Navigator* and *Yachting Monthly* magazines, and a freelance consultant on marine energy issues. He and his wife, Terrie, annually cruise Europe aboard their Malo 46, *Nada* and have spent the last 35 years cruising and writing about the East Coast of North America, Caribbean, Atlantic, U.K, and Scandinavia.

### Pacific Cup 2018 Pacific Offshore Academy

**Location:** Craneway Pavilion Seminar Center **Date:** Saturday, April 8

**Time:** 11:00 a.m.–4:00 p.m. (Arrive at 10:45) **Cost:** \$45/person (includes same-day entrance to the show)

The “FUN Race to Hawaii” runs every even year from San Francisco to Hawaii. Started in 1980, the race has been enjoyed by thousands of racers sailing well over a million miles in total. The 2018 Pacific Cup will start the week of July 9, 2018, and invites well-prepared boats to race to the warm, welcoming shores of Kaneohe Bay, Oahu.

Unique amongst the major distance ocean races, in the run up to the start, participants attend a series of five seminars called the Pacific Offshore Academy (POA). Seminar topics include how to configure and optimize your boat for the race to Hawaii, weather forecasting and navigation, crew selection and training, medical emergency training, provisioning, and a host of other topics designed to prepare the racers for their trip to Hawaii. Each seminar includes a lineup of top ocean sailing experts, from seasoned offshore professionals to electronics and navigation gurus, and veteran amateur racers who can make the material accessible to first timers.

The seminar series is designed for skippers and crew of boats either registered for Pac Cup 2018 or seriously considering entry. The Pacific Cup is excited to hold the first seminar of its POA series in the run up to Pac Cup 2018 at the Pacific Sail & Power Boat Show. The seminar will end at 4:00 p.m., giving participants a chance to also attend the boat show and enjoy the hospitality of hosted parties that night.

#### Event Agenda

- Welcome & Introductions
- Why Pacific Cup?
- Getting the Most Out of Your Pac Cup: Goals & Objectives
- Minimum Equipment Requirements
- Communications & Navigation
- Practice/Spring-Summer Race Schedule
- Racer Resources & Wrap Up

## 2017 Mahina Offshore Cruising Seminar

Technical guru **Nigel Calder** joins **John & Amanda Neal** to co-present 8 hours of detailed instruction with PowerPoint illustration that follow the 260-page Offshore Cruising Companion course book.

**Saturday April 8, 8:30-5:30**  
**Pacific Boat Show, Richmond**

This intensive, exciting and interactive seminar features 18 topics including Choosing the Right Boat, Equipment Selection, Storm Avoidance and Survival, Safety & Medical Concerns, Communications, Anchoring, Galley Essentials, Managing Your Escape, Piracy & Security, & Worldwide Cruising Routes.

Seven months a year John and Amanda conduct sail-training expeditions worldwide aboard their Hallberg-Rassy 46, Mahina Tiare. This seminar incorporates the knowledge gained from their combined 658,000 sea miles and 81 years' experience.

# Advance Seminars

## Advance Registration and Fee Required

### Marine Weather, Seamanship and Navigation Strategies, and Boat Outfitting Symposium: The Ultimate Cruising Symposium

Pam Wall and Lee Chesneau

**Location:** Craneway Seminar Pavilion  
**Time:** 8:30 p.m.–5:00 p.m. (Arrive at 8:15)

**Date:** Sunday, April 9  
**Cost:** \$139/person; \$249/couple

This one-day intensive program simplifies complex issues involving weather (WX) as well as the importance of boat outfitting.

#### LEE CHESNEAU, SENIOR MARINE METEOROLOGIST

##### Marine WX Fundamentals for Offshore Cruising including WX Forecasting, Decision Making, and Vessel Routing

- A critical discussion of marine watches, advisories and warnings as issued by the U.S. National Weather Service (NWS) and Environment Canada; from Small Craft Advisories/High Wind Warnings, to Gale, Storm, and Hurricane Force watches and warnings.
- Tying in the three core synoptic scale charts as generated from the NWS's Ocean Prediction Center (OPC): Surface pressure; upper air 500 Mb, wind/wave analyses and forecast products.
- A hands-on exercise of understanding the key components of the previously noted synoptic scale products (charts), ranging from wind plots, fronts, troughs, squall and shear lines, clouds and local surface WX conditions, to upper air 500 mb flow patterns, wind and wave products (regional feet versus full ocean in meters); all products depicted on navigation-friendly Mercator projection backgrounds.
- Discussion of the most updated publicly held resources, education and training opportunities.

LEE CHESNEAU

#### PAM WALL, EXPERIENCED SAILOR (WORLDWIDE) AND EXPERT

##### Boat Outfitting and the Proper Equipment to Have Aboard a Well-Founded Yacht – Above and Below Deck

Pam discusses the important equipment to consider having aboard a well-founded sailing vessel to deal with the WX, the sea state, personal safety and well-being.

PAM WALL

From the bow to the stern, there will be information on the correct seaman-like equipment needed aboard:

- Ground Tackle
- Rigging
- Downwind Sailing
- Safety Equipment
- Comfort Products
- Sun Protection
- Tender
- Items that make life aboard and cruising more efficient, safe and comfortable, during smooth sailing and bad WX conditions, large seas, swift currents and storm situations.

## Marine Diesel Engines: Maintenance and Troubleshooting

Nigel Calder

**Location:** Craneway Pavilion Seminar Center

**Date:** Sunday, April 9

**Time:** 9:00 a.m.–5:00 p.m. (Arrive at 8:45)

**Cost:** \$139/person, \$249/couple

The diesel engine is a critically important piece of safety equipment aboard any cruising boat. Tech guru Nigel Calder, author of the best-selling *Marine Diesel Engines* (now in its 3rd edition, and used as a text book in numerous diesel classes), brings his unique brand of humor to a seminar for boatowners, both power and sail, that want to get the most out of their time on the water. Distinguishing between contemporary and older diesels, Calder takes a careful look at fuel, oil, cooling, airflow and powertrain systems, describing in detail all normal maintenance procedures together with basic troubleshooting techniques for common diesel engine problems – defining what the untrained boatowner can reasonably be expected to do and what should not be attempted. You will come away from this seminar with an enhanced understanding of your engine and the confidence to carry out routine maintenance, which alone will save you the price of admission.

No previous experience is required.

*The final seminar schedule can be found at [www.pacificboatshow.com](http://www.pacificboatshow.com)*

## GRAB 'n GO HOOK

Our innovative **quick connect/disconnect system** allows you to easily pick up and release your mooring with your boat hook. Simply attach the slide hook to the end of your boat hook with the supplied clamp and the Grab n' Go is easily connected and ready for use.

**CRUISING  
OUTPOST**

## John and Amanda-Neal

John Neal's 350,000 offshore miles include six Cape Horn roundings plus voyages to Antarctica and Spitsbergen. Since 1976, John's passion has been sharing his knowledge of ocean cruising through 175 sail-training expeditions worldwide aboard *Mahina Tiare III*, a Hallberg-Rassy 46 detailed on [www.mahina.com](http://www.mahina.com).

Amanda Swan-Neal completed the Whitbread Race as rigger aboard *Maiden*, and has 30 years' involvement in international racing and sail training. She has worked as a rigger and sailmaker in England, Australia and New Zealand.

## Bob Bitchin

Since the early '60s, adventure has been a way of life for Bob. He worked as a traveling companion and bodyguard for Evel Knievel, then in the early '70s, he started sailing. For more than 30 years he lived aboard sailboats and cruised most of the Pacific and Central America. In 1996, he created *Latitudes and Attitudes* magazine.

More recently, Bob and his wife Jody created *Cruising Outpost* magazine. He divides his time between publishing, writing, world cruising, doing seminars on sailing, riding his Harley and writing books. He has written eight books: *Biker to Sailor* (his newest), *Letters From The Lost Soul*, *The Sailing Life*, *Brotherhood of Outlaws*, *BIKER*, *Emerald Bay*, *King Harbor* and *Starboard Attitude*.

## Kame Richards

Kame Richards is a sailmaker and sail designer at Pineapple Sails, which he co-founded in 1973. Pineapple Sails makes both racing and cruising sails literally building them from start to finish at its facility locally in Alameda, CA. Kame attended the University of California, Berkeley, majoring in geophysics. His racing experience covers San Francisco Bay, the California coast, multiple Hawaii and Mexico races, as well as races in the Great Lakes, Florida, Texas and Europe. He has cruised in Mexico, New Zealand and Australia. He has a well-established reputation as a lecturer on all aspects of sailing.

## Zack Smith

Zack Smith has spent a good part of his life researching how parachute sea anchors and drogues behave in changing seas. This led him to an industry-first – his 'Constant Rode Tension Theory.' Zack is an internationally known expert on para-anchors and storm drogues. As head of research and design for Fiorentino, he conducted years of sea trials resulting in numerous patents and awards.

## Lee Chesneau

Lee Chesneau is highly experienced senior marine meteorologist and graduate from one of the elite universities that offer degrees in meteorology, the University of Wisconsin (Madison). His Bachelor of Science Degree in Meteorology was Lee's ticket to a distinguished and extensive career with NOAA's National Weather Service and Satellite Service. Lee also served as a U.S. Navy civilian Ship Routing Officer, a Route Analyst for a major commercial ship routing company, and his first career start as a naval officer, where he served at several U.S. Navy Fleet Weather Centers (Rota, SP, and Norfolk, VA), and on aircraft carriers (USS *Saratoga* CV-60 and USS *Guam* LPH-9).

## Liza Copeland

Liza Copeland is the award-winning writer of four best-selling books on cruising, which includes narratives about circumnavigating with a young family and a trip around North and Central America, along with a practical how-to text. She and husband Andy have now completed 123,000 miles to 114 countries in their current boat *Bagheera* besides many more miles offshore racing, cruising other boats and completing deliveries. She also writes for a variety of magazines and gives seminars worldwide on sailing and travel. When not traveling the world she enjoys life in Vancouver, BC.

## Patrik Swanljung

Patrik grew up sailing. (His mother put him under a sail to sleep as a baby!) A trained scientist, Patrik holds a PhD from the Royal University in Stockholm, several patents, and has 30 years experience in medical technology. Retiring from that field in 2001, he got a chance to combine his experience and his love of boating by starting a company making solar panels for marine use. This year Patrik finally decided to spend more time at sea and less in running a business, but he is still active, part time, in solar design.

## Andy Turpin

*Latitude 38's* Managing Editor Andy Turpin is a lifelong sailor who has done the Baja Ha-Ha rally more than 20 times, and he loves to share his insights about it. Andy is the principal organizer of the Pacific Puddle Jump rally to Tahiti. He has sailed in French Polynesian waters many times.

### Elbert Ashbaugh

Elbert has designed sailing courses and taught sailing in the US, Europe, the Caribbean and the Far East for over 20 years. He is the Affiliate (schools) Representative for the American Sailing Association and consults in the development of the ASA's latest tools and methodologies.

### Tom Trimmer

Founder and owner of Custom Marine Products, a company specializing in marine solar systems for the cruising sailor, Tom has been a cruising sailor for more than 20 years and understands that the number one challenge to comfortable cruising is the availability of electrical power. His company has helped many sailors analyze their power requirements, evaluate solar products available, and design systems to meet their needs. A graduate mechanical/electrical engineer from the University of Michigan, he has been involved in the marine industry for over 20 years. He and his wife cruise the Great Lakes for six weeks each summer testing and evaluating solar equipment. (Somebody has to do it.)

### Dick Markie

Dick has been in Mexico since 1990, cruising for several years and then managing marinas since 1995. He is a wealth of information about weather, life in Mexico, and the much needed paperwork for international cruising.

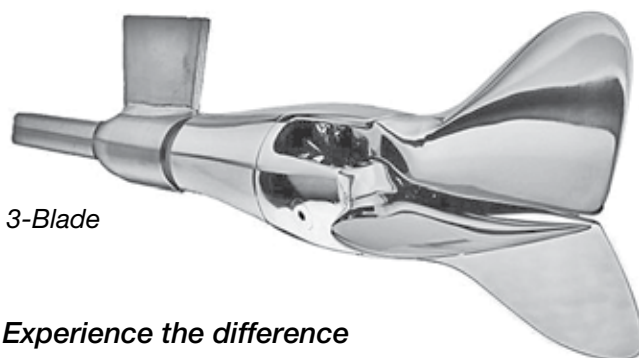

### Sarah and Will Curry

Sarah and Will Curry began talking about a sailing adventure on their very first date. Will had sailed thousands of offshore miles, but Sarah didn't know the difference between a sheet and a halyard! Since starting their 'life aquatic', they've voyaged thousands of ocean miles together, been scared, been amazed, done things they never imagined – and are having the time of their lives. Sarah and Will work together for their family business, Hydrovane International Marine – manufacturer of the Hydrovane windvane.

**HARKEN®**

**CRUISING  
OUTPOST**

## Pam Wall

Renowned Pam Wall is well known for outfitting world cruisers, consulting on prospective routes for sailing, her sailing instruction, and as a seminar speaker who encourages and educates on the cruising lifestyle to all who attend her seminars. Along with her husband, Andy, and two young children, Samantha and Jamie, Pam has sailed around the world on their custom-made Freya 39 *Kandarik*. Pam's boat was built at home and then took her family around the world and later back and forth across the Atlantic to Europe three times. Pam worked for West Marine for over 20 years as their Outfitting Manager and Cruising Consultant. Currently Pam is working for the well-known sailboat and powerboat designer, Steve Dashew.

Today Pam has her own sailing and cruising consulting business and lectures at boat shows around the country. Down at the Bitter End Yacht Club in the British Virgin Islands, Pam has been an instructor for their annual Women on the Water Week. You can also attend the Annapolis Cruiser's University where the highly popular two-day course for cruising women takes place. Pam is a member of the Cruising Club of America, the Ocean Cruising Club, and has been awarded the Seven Seas Award from the Seven Seas Cruising Association. She is also a member of the Coconut Grove Sailing Club in Miami, Florida.

## Randall Reeves

Randall grew up reading about and dreaming of the sea. He learned to sail on the rivers of central California and interviewed world-famous solo sailor, Bernard Moitessier, for his college radio station, an event that changed his life. Randall's blue-water sailing began in 2006 when he crewed on a 40-foot boat for a 26-day, 3,000 mile passage from Hawaii to British Columbia where "everything went gloriously wrong." He was hooked. In 2010, Randall departed San Francisco for a two-year, 12,000-mile solo loop of the Pacific in a 30-foot sailboat. Randall crewed the Northwest Passage in 2014, a grueling 65 days over an ice-strewn 5,000-mile course aboard one of only seven boats to complete the Arctic run that year. Randall's preparations in 2016 have included long passages aboard his new Figure 8 boat from Kodiak, Alaska to Hawaii and back to his home in San Francisco, a total of 7,000 miles. Randall is a licensed master of vessels to 50 gross tons.

## Virginia and Robert Gleser

Virginia and Robert Gleser have just completed their 16th year of cruising their Islander Freeport 40, ketch, *Harmony*, from San Francisco to Mexico, and beyond to Latin American and Ecuador. They have been married for 45 years, and have raised eight children. When their last child went off to college in 2000, they sold their business and headed out the Golden Gate and turned left to cruise in warm climes as long as it was fun. Virginia has written the book entitled *Harmony on the High Seas, When Your Mate Becomes Your Matey*, that has earned rave reviews from the cruising community.

## Wendy Hinman and Garth Wilcox

Wendy is the author of *Tightwads on the Loose*, about the seven-year voyage she took with her husband, Garth Wilcox. With years of ocean voyaging and racing experience, this dynamic duo has plenty of wisdom and stories to share. Together they sailed 34,000 miles, which culminated in the hit book, *Tightwads on the Loose*, instead of a divorce. Prior to their adventure together, Garth sailed around the globe with his family and managed to survive a shipwreck, as well as threats from storms, pirates, gun boats, mines and thieves, a broken rig, scurvy and starvation. Garth learned how to McGyver his way around the world. Come learn from the lessons of those who have gone before.

## Vivian Matuck, James Muller and Kate Bimrose

Vivian is the California State Parks Division of Boating and Waterways (DBW) and the California Coastal Commission's (CCC) Environmental Boating Program Coordinator and Clean Vessel Act Education and Outreach Program Manager. She manages the statewide Boating Clean and Green program led by DBW and implemented in partnership with CCC. The program promotes environmentally-sound boating practices to marine business and boaters. To implement this program, Vivian works with boaters and boating facility operators. Vivian has a Bachelor degree in Biology and a Masters in Geography concentration in Environmental Management and Natural Resource Planning.

James is an Environmental Specialist with the San Francisco Estuary Partnership and implements Clean Vessel Act Program. This program, funded by the California Division of Boating and Waterways, works with marinas, boaters, and other stakeholders to increase awareness of the effects of sewage discharge and resources available to boaters and marinas to prevent sewage discharge. He has a Bachelor's of Science in Biology and a Master's of Science in Environmental Management. James also writes grants and manages a suite of environmental projects ranging from restoration and remediation to invasive species control and TMDL implementation.

Kate is the Boater Outreach Specialist for the Seabird Protection Network, an organization managed by Greater Farallones National Marine Sanctuary. She performs outreach to boaters and kayakers to minimize disturbance to seabirds at breeding and roosting sites along the California coast. As the Boater Outreach Specialist, Kate disseminates education materials at partner meetings, boat and kayak shows, and boating/kayaking stores. She received her undergraduate degree and a Master's of Science in Environmental Management.

# The All New Catalina 425

5 SERIES

The Catalina 425 may be just the right boat for you. The style is bold and contemporary, incorporating a large, comfortable cockpit and excellent ergonomics that are Catalina hallmarks.

This is a performance-oriented design with a solid lead keel and a hull form with long waterline and generous – but not exaggerated beam for stability and predictable, responsive handling.

The three-cabin interior is carefully detailed with lots of drawers and solid teak fiddles and trim, complemented with maple hull panels, creating a bright, yet warm and inviting, traditionally crafted atmosphere.

All of the famous 5 Series features are incorporated, including all L.E.D. lighting, 28" lifelines, and excellent access to all machinery and systems.

At Catalina, it's all about creating the best possible ownership experience. So if you're looking for a long-term relationship with a high-quality American brand, take a closer look at Catalina; the 425 may be just the right boat for your extended cruise.

# Let's Party

## Celebrate TGIF

Friday evening brings extra fun as several exhibitors kick back and host parties in their booths for show attendees. The exhibit hall and docks are lively and full of great opportunities for boaters seeking the best deals, all while you're having a terrific time. Start the weekend with a bang at Pacific Sail & Power Boat Show!

## Baja Ha-Ha, Pacific Puddle Jump and Circumnavigators' Reunion

Friday, April 7, from 6:00 to 8:00 p.m.

The crew of *Latitude 38* invites all Baja Ha-Ha veterans, Pacific Puddle Jump vets, and West Coast circumnavigators — plus anyone who wishes they were, or hopes to be someday — for a reunion party on Friday, April 7, at *Latitude 38*'s booth C1. Swap some tall tales about cruising Central and South America, the Caribbean, and the South Pacific, and see who's completed a circumnavigation. *Latitude 38* will bring some snacks and beverages. You bring your smile, dreams, and your memories.

*Latitude 38*  
40th Anniversary!

# Let's Party

## Don't Miss the Cruisers' Party

**Saturday, April 8, at 6:00 p.m.**

More than a dozen years ago, Bob Bitchin and Jody of *Cruising Outpost* created the Cruisers' Party at the then Strictly Sail Pacific. Cruisers come from all over to enjoy this annual celebration of the cruising lifestyle. Eric Stone will be live and in concert, while you enjoy a slice of pizza and a beer or glass of wine.

There will be great raffle prizes, including a Canberra Gel gift box, Pure water + filter system from Forespar, Hook & Moor boat tool and many more. Proceeds go to The Educational Tall Ship Foundation Project S/V *Matthew Turner*, being built in Sausalito, CA.

The event is free and open to all show attendees and exhibitors. It starts when the show closes at 6:00 p.m. You must be in the show prior to closing to attend.

Be part of the biggest, most fun cruising party of the year!

Please visit

## Does Your Yacht Insurer Offer The Benefits Pantaenius America Does?

**Agreed Fixed Value** in case of total or constructive total loss, with no depreciation or deductible.

**New for Old** if your vessel is damaged and needs new parts for repairs. Pantaenius will cover partial damage, without depreciation, up to the agreed insurance sum.

**No Deductibles** for lightning, fire, total and constructive total loss. No special storm deductible for vessels above 30.5 degrees North Latitude.

**Comprehensive Primary Indemnity** to cover your liability to third parties and environmental damage.

**All Risks Policy** that covers broad marine risks without implied warranties of seaworthiness.

For special West Coast rates, including coverage to Hawaii, visit us at Booth B1 at the Pacific Sail & Power Boat Show, or call our West Coast office at 619-215-9106

  
**PANTAENIUS**  
Yacht Insurance

USA\* · Germany · Great Britain · Monaco  
Denmark · Austria · Spain · Sweden · Australia

**pantaenius.com**

\*Pantaenius America Ltd. is a licensed insurance agent licensed in all 50 states. It is an independent corporation incorporated under the laws of New York and is a separate and distinct entity from any entity of the Pantaenius Group.
